
List of Contents

| | | |
|----------|---|-----------|
| 1 | Introduction | 1 |
| 2 | Anatomical Projections from Sensory Cortical Areas to the Thalamus | 2 |
| 2.1 | General Characteristics of Corticothalamic Projections | 2 |
| 2.2 | Types of Corticothalamic Projections | 5 |
| 2.3 | Cells of Origin for Corticothalamic Projections | 7 |
| 2.4 | Neurotransmitter Actions | 12 |
| 2.5 | Specific Characteristics of Corticothalamic Projections to the Sensory Thalamus | 13 |
| 2.5.1 | Auditory System | 13 |
| 2.5.2 | Visual System | 15 |
| 2.5.3 | Somatosensory System | 16 |
| 3 | Corticofugal Projection to Subthalamic Relay Stations | 17 |
| 3.1 | Auditory System | 18 |
| 3.2 | Visual System | 20 |
| 3.3 | Somatosensory System | 21 |
| 4 | Corticofugal Modulations of Sensory Responses | 23 |
| 4.1 | Corticofugal Modulation of Auditory Responses | 23 |
| 4.2 | Corticofugal Modulation of Visual Responses | 27 |
| 4.3 | Somatosensory System | 30 |
| 5 | Functional Considerations | 47 |
| 5.1 | Corticofugal Modulation of Sensory Transmission: Egocentric Selection | 47 |
| 5.2 | Corticofugal Modulation of Neuronal Rhythmic Activities and Neuronal Synchronization | 52 |
| 5.3 | Contribution of Corticofugal Projections in Attentional Filtering | 57 |
| | References | 58 |
| | Subject Index | 75 |

Corticothal Modulation of Sensory Information

Núñez, A.; Malmierca, E.

2007, IX, 75 p., Softcover

ISBN: 978-3-540-36769-7
