1	Urologic Emergencies: Overview	
	S.P. ELLIOTT, J.W. MCANINCH	1
2	The Clinical Approach to the Acutely Ill Patient	
	S. BUSE, R. SANTUCCI, M. HOHENFELLNER	2
2.1	Diagnosis	2
2.2	History	3
2.3	Physical Examination	3
2.4	Laboratory Testing	4
2.5	Imaging	4
	References	6
3	New Developments in Anesthesia	
	J. MOTSCH, CH. SCHRAMM, E. MARTIN	8
3.1	Perioperative Cardiac Complications	8
3.2	Deep Vein Thrombosis and Pulmonary Embolism	15
3.3	Shock	17
3.4	Sepsis	18
3.5	Intensive Care Procedures	20
3.6	Intraoperative- and Postoperative Procedures	25
3.7	Perioperative Management of Jehovah's Witnesses	27
	References	30
4	Anaphylaxis	
	P. BADER, D. FROHNEBERG	32
4.1	Definition	32
4.2	Immunological Mechanism	32
4.3	Clinical Presentation and Differential Diagnosis	33
4.4	Diagnostic Tests and Risk Factors	34
4.5	Prevention and Treatment of Anaphylactic Reactions	35
4.6	The Role of Skin and Provocation Tests	36
4.7	Immediate and Nonimmediate Reactions to Contrast Media	37
4.8	Reactions to Perioperative Drugs	40
4.9	Latex Allergy: Diagnosis and Management	42
	References	43
5	Urosepsis	
	H.G. SCHIEFER, TH. DIEMER, W. WEIDNER	45
5.1	Definition	45
5.2	Epidemiology of Sepsis	45
5.3	Etiology of Urosepsis	45
5.4	Pathophysiology	45
5.5	Classification System	46

5.6	Risk Factors for Urosepsis	47
5.7	Clinical Symptoms	47
5.8	Diagnostic Procedures	47
5.9	Microbiology	48
5.10	Further Diagnostic Procedures	48
5.11	Therapy	48
	References	49

6 Fournier's Gangrene

CH.F. HEYNS, P.D. THERON	50
6.1 Definition and Historical Perspective	50
6.2 Etiology	50
6.3 Anatomy	52
6.4 Microbiology	53
6.5 Pathogenesis	54
6.6 Clinical Presentation	55
6.7 Special Investigations	55
6.8 Management	55
6.9 Complications	59
6.10 Prognosis	59
References	59

7 Urologic Emergencies in Pregnant Women: Special Considerations

J.F. HERMIEU, L. BOCCON-GIBOD	61
7.1 Introduction	61
7.2 Anatomical and Physiological Modifications During Pregnancy	61
7.3 Diagnostic Procedures in the Pregnant Patient	62
7.4 Treatment	64
7.5 Particular Treatments of Certain Urological Emergencies in Pregnant Women	67
7.6 Conclusion	70
References	70

8 Urologic Emergencies in Children: Special Considerations

A. COOK, A.E. KOURY	73
8.1 Introduction	73
8.2 Adrenal	73
8.3 Kidney	75
8.4 Bladder	84
8.5 External Genitalia	89
References	97

9 Autonomic Dysreflexia and Emergencies in Neurogenic Bladder

B. WEFER, K.-P. JÜNNEMANN	101
9.1 Autonomic Dysreflexia	101
9.2 Neurogenic Bladder and Spinal Shock	103
References	103

10 Failure of Urinary Drainage: Upper Urinary

M.T. GETTMAN, J.W. SEGURA	104
10.1 Introduction	104
10.2 Presenting Signs and Symptoms	104
10.3 Diagnostic Evaluation	105
10.4 Acute Urologic Management	111
10.5 Delayed Definitive Interventions	116
10.6 Conclusion	116
References	116

11 Failure of Urinary Drainage: Lower Tract

J.M. PATTERSON, C.R. CHAPPLE	118
11.1 Introduction	118
11.2 The Male Patient	118
11.3 The Female Patient	129
References	130

12 Scrotal Emergencies

V. MASTER	132
12.1 Introduction	132
12.2 Testis	133
12.3 Paratesticular Emergencies	136
12.4 Spermatocoele	137
12.5 Varicocele	138
12.6 Trauma	139
12.7 Paratesticular Masses	139
12.8 Scrotal Wall Problems	139
12.9 Miscellaneous	141
12.10 Summary of Diagnostic Workup	141
References	141

13 Oncologic Emergencies

N.-E.B. JACOBSEN, S.D.W. BECK, R.S. FOSTER	142
13.1 Introduction	142
13.2 Spontaneous Perinephric Hemorrhage	142
13.3 Hypercalcemia of Malignancy	144
13.4 Complications of Bacille Calmette-Guérin Therapy	146
13.5 Malignant Spinal Cord Compression	148
13.6 Neutropenia	151
13.7 Intractable Bladder Hemorrhage	154
13.8 Ureteral Obstruction	159
13.9 Bladder Outlet Obstruction	162
13.10 Respiratory Complications	165
References	166

14 Urologic Paraneoplastic Syndromes

R. TIGUERT, Y. FRADET	172
14.1 Renal Cell Carcinoma	172
14.2 Prostate Cancer	176
14.3 Bladder Cancer	179
14.4 Testicular Cancer	179
14.5 Penile Cancer	180
14.6 Conclusion	180
References	180

15 Trauma**15.1 Urologic Trauma: General Considerations**

S.P. ELLIOTT, J.W. MCANINCH	183
15.1.1 Iatrogenic Injury	183
15.1.2 External Trauma	184
References	184

15.2 Modern Trauma: New Mechanisms of Injury Due to Terrorist Attacks

N.D. KITREY, A. NADU, Y. MOR	185
15.2.1 Introduction	185

15.2.2	Mechanisms of Explosive Injury	186
15.2.3	Characteristics of Terrorist-Related Blast Injuries	186
15.2.4	Characteristics of Terrorist-Related Gunshot Injuries	187
15.2.5	Medical Management of Terrorist-Related Injuries	187
15.2.6	Urological Aspects of Terrorist-Related Injuries	188
15.2.7	Summary	190
	References	190

15.3 Mass Casualties: Urologic Aspects of Triage and Definitive Management

A. NADU, N.D. KITREY, Y. MOR	192
15.3.1 Mass Casualties	192
15.3.2 Mechanisms of Injury and Specific Urological Injuries in Mass Casualty Events	194
15.3.3 The Urologic Approach in Mass Casualty Events	195
References	200

15.4 Renal Trauma

E. SERAFETINIDES	201	
15.4.1	Anatomy	201
15.4.2	Iatrogenic Vascular Injuries	202
15.4.3	Renal Transplantation	202
15.4.4	Percutaneous Renal Procedures	203
15.4.5	Renal Injuries	205
15.4.6	Foreign Bodies	217
15.4.7	Spontaneous Retroperitoneal Haemorrhage	217
References		218

15.5 Trauma of the Ureter

J. PFITZENMAIER, CH. GILFRICH, A. HAFERKAMP, M. HOHENFELLNER	233
15.5.1 Anatomy	233
15.5.2 Clinical Diagnosis	234
15.5.3 Radiographic Diagnosis	234
15.5.4 Intraoperative Diagnosis	234
15.5.5 External Trauma	235
15.5.6 Iatrogenic/Intraoperative Trauma	235
15.5.7 Techniques of Trauma Repair	237
15.5.8 Ureteroureterostomy and Primary Closure	238
15.5.9 Ureterocalycostomy and Pyeloplasty	239
15.5.10 Transureteroureterostomy and Transureteropyelostomy	239
15.5.11 Psoas Hitch	239
15.5.12 Boari Flap	241
15.5.13 Intestinal Replacement of the Ureter	241
15.5.14 Autotransplantation of the Kidney	243
15.5.15 Nephrectomy	243
15.5.16 Stricture Repair	243
15.5.17 Future	244
References	244

15.6 Bladder Trauma

N.L. TÜRKERİ	246	
15.6.1	Introduction	246
15.6.2	Etiology and Incidence	246
15.6.3	Classification	249
15.6.4	Risk Factors	252
15.6.5	Diagnosis	252
15.6.6	Treatment	255

15.6.7 Damage Control	256
References	257
15.7 Genital Trauma	
E. PLAS, I. BERGER	260
15.7.1 Introduction	260
15.7.2 Pathophysiology of Trauma to External Genitalia	261
15.7.3 Diagnosis and Management of Genital Trauma	264
15.7.4 Blunt Trauma of the Male Genitalia	264
15.7.5 Treatment of External Genital Trauma	265
References	267
15.8 Management of Penile Amputation	
G.H. JORDAN	270
15.8.1 Introduction	270
15.8.2 History of Penile Replantation	271
15.8.3 Anatomy of the Penis	271
15.8.4 Penile Replantation	272
15.8.5 Summary	274
References	274
15.9 Urethral Trauma	
L. MARTÍNEZ-PIÑEIRO	276
15.9.1 Anatomical and Etiological Considerations	276
15.9.2 Diagnosis: Initial Emergency Assessment	282
15.9.3 Management	284
15.9.4 Recommendations for Treatment: Algorithms	293
References	295
16 Priapism	
W.O. BRANT, A.J. BELLA, M.M. GRACIA, T.F. LUE	301
16.1 Introduction	301
16.2 Classification	302
16.3 Etiology	302
16.4 Evaluation	303
16.5 Management	304
16.6 Surgical Treatment of Ischemic Priapism	305
16.7 Postoperative Care	308
16.8 Treatment of Nonischemic Priapism	308
16.9 Recurrent (Stuttering) Priapism	309
16.10 Mechanical Priapism	310
16.11 Conclusion	310
Appendix	310
References	311
17 Intraoperative Complications	
17.1 Management of Intraoperative Complications in Open Procedures	
G.H. YOON, J. STEIN, D.G. SKINNER	313
17.1.1 Introduction	313
17.1.2 Vascular Complications	314
17.1.3 Intestinal Complications	319
17.1.4 Solid Organ Injury	323
17.1.5 Conclusion	326
References	326

17.2 Complications in Endoscopic Procedures

F. WIMPISSINGER, W. STACKL	327
17.2.1 Complications of Percutaneous Nephrolithotomy	327
17.2.2 Complications of Ureterorenoscopy	331
References	334

17.3 TUR-Related Complications

N. ZANTL, R. HARTUNG	335
17.3.1 Intraoperative Complications During TURP	336
17.3.2 Postoperative Emergencies After TURP	343
17.3.3 Intraoperative and Early Postoperative Complications During TURB	344
References	347

17.4 Complications in Laparoscopic Surgery

M. MUNTENER, F.R. ROMERO, L.R. KAVOUSSI	349
17.4.1 Introduction	349
17.4.2 Intraoperative Complications	349
17.4.3 Postoperative Complications	359
References	361

18 Postoperative Complications**18.1 Acute Postoperative Complications**

M. SEITZ, B. SCHLENKER, CH. STIEF	364
18.1.1 Postoperative Bleeding	364
18.1.2 Chest Pain and Dyspnea	373
18.1.3 Acute Abdomen	377
18.1.4 Postoperative Fever	378
18.1.5 Abdominal Wound Dehiscence	403
18.1.6 Chylous Ascites	410
18.1.7 Deep Venous Thrombosis	414
18.1.8 Lymphoceles	416
References	421

18.2 Preventing and Managing Infectious Emergencies of Urologic Surgery

T.J. WALSH, M.A. DALL'ERA, J.N. KRIEGER	430
18.2.1 Introduction	430
18.2.2 Surgical Site Infections	430
18.2.3 Urinary Tract Infections Complicating Urological Procedures	437
References	441

18.3 Emergencies in Continent Bladder Replacement

M. SCHUMACHER, F.C. BURKHARD, U.E. STUDER	444
18.3.1 Introduction	444
18.3.2 Continent Urinary Diversion	444
18.3.3 Diversion- Related Emergencies	444
18.3.4 Emergencies Not Related to Diversion	448
18.3.5 Conclusions	449
References	450

18.4 Emergencies Following Renal Transplantation

M.A. GHONEIM, A.A. SHOKEIR	451
18.4.1 Introduction	451
18.4.2 The Living Donor: Surgical Emergencies	451
18.4.3 Recipients: Surgical and Nonsurgical Emergencies	452
References	464

18.5 Open Salvage Surgery

C. WOTKOWICZ, M.A. JACOBS, J.A. LIBERTINO	466
18.5.1 Introduction	466
18.5.2 Indications	466
18.5.3 Infectious Peritonitis	468
18.5.4 Postoperative Bleeding	476
18.5.5 Stomal Complications	478
18.5.6 Bowel Obstruction	479
18.5.7 Dehiscence	480
18.5.8 Abdominal Compartment Syndrome	481
18.5.9 Cutaneous Ureterostomy	482
18.5.10 Conclusions	483
References	483

19 Surgical Techniques: Endoscopic and Percutaneous Procedures

J.S. WOLF JR.	486
19.1 Lower Urinary Tract	486
19.2 Upper Urinary Tract	491

20 Interventional Radiology in Emergencies in Urology

J.E. WILDBERGER, R.W. GÜNTHER	496
20.1 Transcatheter Embolization	496
20.2 Transcatheter Lysis and Thrombectomy in Renal Artery Occlusion	501
20.3 PTA and Stenting	502
20.4 Percutaneous Drainage	505
20.5 Percutaneous Nephrostomy	509
20.6 Failure of Transplant Kidney	511
References	512

21 Selected Case Reports and Personal Experience

21.1 Percutaneous Approach for Difficult Stones	
S. ARAP, M.A. ARAP	519
21.2 The Relaxing Incision for Priapism	
C.F. DONATUCCI	521
21.3 Priapism Redux	
W.O. BRANT	522
21.4 Iatrogenic Pathology, Undiversion, Contralateral Renal Autotransplantation	
J.M. GIL-VERNET	523
21.5 Deferred Emergency Surgery of Total Rupture of the Posterior Urethra	
J.M. GIL-VERNET	526
21.6 Surgery of Complicated Horseshoe Kidney	
J.M. GIL-VERNET	530
21.7 Cold Fire	
CH.F. HEYNS	534
21.8 Lost in the Kidney	
M. HOHENFELLNER	536
21.9 A Rare Accident	
R. HOHENFELLNER	537
21.10 Appendectomy	
R. HOHENFELLNER	539

21.11	Posterior Sagittal Approach in Pediatric Urology	
	F. IKOMA	541
21.12	Postoperative Urinary Retention After Hypospadias Repair	
	F. IKOMA	548
21.13	Hairs in the Urethra of a Hypospadias Patient	
	F. IKOMA	549
21.14	A Tale of Two Brothers	
	W. MÅNSSON	550
21.15	Unfortunate Honeymoon Under the Palm Trees	
	J.A. MARTÍNEZ-PIÑEIRO	552
21.16	Intravenous Uroperitoneogram	
	J.A. MARTÍNEZ-PIÑEIRO	554
21.17	Coitus Interruptus	
	J.A. MARTÍNEZ-PIÑEIRO	555
21.18	Exploding Bladder	
	J. MOTSCH, CH. SCHRAMM	556
21.19	Education by Humiliation	
	A.R. MUNDY	557
21.20	Vena Caval Injury	
	C.A. OLSSON	558
21.21	False Sepsis and Advanced TCC	
	C.A. OLSSON	559
21.22	Laparoscopic Vascular Emergency	
	V. PANSADORO	560
21.23	Percutaneous Nephrolithotomy	
	E. PEREZ-CASTRO E.	561
21.24	Bladder Tumor	
	E. PEREZ-CASTRO E.	562
21.25	Frenulum	
	E. PEREZ-CASTRO E.	563
21.26	Penile Fracture Associated with Urethral Rupture and Its Complex Repair	
	S.V. PEROVIC	564
21.27	Low-Flow Priapism in Children	
	S.V. PEROVIC	566
21.28	Tragic Complications of Missed Urethral Injury	
	E. PONTES	568
21.29	Keep Looking	
	R. SANTUCCI	569
21.30	What Goes in Must Come Out	
	R. SANTUCCI	570
21.31	Metabolic Dangers of the Neobladder	
	M. SCHUMACHER, U.E. STUDER	571
21.32	Torsion After Minor Insult	
	E. SERAFETINIDES	572

21.33 Fleas and Lice at the Same Time	
E. SERAFETINIDES	573
21.34 Continent Urinary Diversion for the Treatment of Urinary Fistulae Through a Sacral Scar in a Paraplegic Patient	
F. TRIGO-ROCHA	574
21.35 Entrapped Foley Catheter After Radical Prostatectomy	
N.L. TÜRKERİ	576
21.36 Unexpected Inferior Vena Caval Thrombus	
E.D. VAUGHAN, JR.	577
21.37 The Lord of the Rings – Fournier’s Gangrene as a Consequence of Strangulating Testicular Rings	
N. ZANTL, R. HARTUNG	578
Overall Reference List	583
