

Contents in Brief

Introduction.....	1
--------------------------	----------

Part One. Monetary and Fiscal Policies:

Basic Models.....	9
Chapter 1. Monetary Policy in Europe	11
Chapter 2. Fiscal Policies in Germany and France.....	23
Chapter 3. Competition between European Central Bank, German Government, and French Government	29
Chapter 4. Cooperation between European Central Bank, German Government, and French Government	42

Part Two. Monetary and Fiscal Policies:

Intermediate Models.....	53
Chapter 1. Simultaneous Decisions: Cold-Turkey Policies.....	55
Chapter 2. Simultaneous Decisions: Gradualist Policies.....	60
Chapter 3. Fiscal Shocks in Germany.....	65
Chapter 4. The Countries Differ in Size	69
Chapter 5. The Countries Differ in Behaviour	78
Chapter 6. Rational Policy Expectations	87

Part Three. Monetary and Fiscal Policies:

The Case of Three Countries.....	89
Chapter 1. Monetary Policy in Europe	91
Chapter 2. Fiscal Policies in Germany, France and Italy.....	98
Chapter 3. Monetary and Fiscal Competition	103
Chapter 4. Monetary and Fiscal Cooperation	110

Part Four. Monetary and Wage Policies:

Basic Models	117
Chapter 1. Wage Policies in Germany and France	119
Chapter 2. Competition between European Central Bank, German Labour Union, and French Labour Union	125
Chapter 3. Cooperation between European Central Bank, German Labour Union, and French Labour Union	138

Part Five. Monetary and Wage Policies:

Intermediate Models	149
Chapter 1. Simultaneous Decisions: Cold-Turkey Policies	151
Chapter 2. Simultaneous Decisions: Gradualist Policies	155
Chapter 3. Wage Shocks in Germany	160
Chapter 4. The Countries Differ in Size	164
Chapter 5. The Countries Differ in Behaviour	169
Chapter 6. Rational Policy Expectations	176

Part Six. Monetary and Wage Policies:

The Case of Three Countries	179
Chapter 1. Wage Policies in Germany, France and Italy	181
Chapter 2. Monetary and Wage Competition	186
Chapter 3. Monetary and Wage Cooperation	193

Part Seven. Monetary, Fiscal and Wage Policies..... 199

Synopsis	221
Conclusion	229
Result	253

Contents

Introduction	1
1. Subject and Approach	1
2. Monetary Policy in Europe	2
3. Fiscal Policies in Germany and France	3
4. Monetary and Fiscal Competition	4
5. Monetary and Fiscal Cooperation	5
6. Wage Policies in Germany and France	6
7. Monetary and Wage Competition	7
8. Monetary and Wage Cooperation	8
Part One. Monetary and Fiscal Policies:	
Basic Models	9
Chapter 1. Monetary Policy in Europe	11
1. The Model	11
2. Some Numerical Examples	14
Chapter 2. Fiscal Policies in Germany and France	23
1. The Model	23
2. Some Numerical Examples	26
Chapter 3. Competition between European Central Bank, German Government, and French Government	29
1. The Dynamic Model	29
2. Some Numerical Examples	32
Chapter 4. Cooperation between European Central Bank, German Government, and French Government	42
1. The Model	42
2. Some Numerical Examples	44

Part Two. Monetary and Fiscal Policies:**Intermediate Models..... 53****Chapter 1. Simultaneous Decisions: Cold-Turkey Policies 55****Chapter 2. Simultaneous Decisions: Gradualist Policies 60****Chapter 3. Fiscal Shocks in Germany 65****Chapter 4. The Countries Differ in Size 69**

1. Monetary Policy in Europe 69

2. Fiscal Policies in Germany and France..... 73

3. Monetary and Fiscal Competition..... 76

Chapter 5. The Countries Differ in Behaviour 78

1. Monetary Policy in Europe 78

2. Fiscal Policies in Germany and France..... 80

3. Monetary and Fiscal Competition..... 83

4. Monetary and Fiscal Cooperation 85

Chapter 6. Rational Policy Expectations..... 87**Part Three. Monetary and Fiscal Policies:****The Case of Three Countries 89****Chapter 1. Monetary Policy in Europe 91**

1. The Model 91

2. Some Numerical Examples 94

Chapter 2. Fiscal Policies in Germany, France and Italy 98

1. Introduction 98

2. The Policy Model..... 98

3. Another Version of the Policy Model..... 99

4. A Numerical Example..... 100

Chapter 3. Monetary and Fiscal Competition	103
1. The Static Model	103
2. The Dynamic Model	103
3. A Numerical Example: The Case of Unemployment	105
4. A Numerical Example: The Case of Inflation	108

Chapter 4. Monetary and Fiscal Cooperation	110
1. Introduction	110
2. The Policy Model	110
3. A Numerical Example: The Case of Unemployment	112
4. A Numerical Example: The Case of Inflation	114

Part Four. Monetary and Wage Policies:

Basic Models.....	117
--------------------------	------------

Chapter 1. Wage Policies in Germany and France	119
1. The Model	119
2. Some Numerical Examples	121

Chapter 2. Competition between European Central Bank, German Labour Union, and French Labour Union	125
1. The Dynamic Model	125
2. Some Numerical Examples	128

Chapter 3. Cooperation between European Central Bank, German Labour Union, and French Labour Union	138
1. The Model	138
2. Some Numerical Examples	140

Part Five. Monetary and Wage Policies:**Intermediate Models..... 149****Chapter 1. Simultaneous Decisions: Cold-Turkey Policies 151****Chapter 2. Simultaneous Decisions: Gradualist Policies 155****Chapter 3. Wage Shocks in Germany..... 160****Chapter 4. The Countries Differ in Size 164**

1. Wage Policies in Germany and France 164

2. Monetary and Wage Competition 167

Chapter 5. The Countries Differ in Behaviour 169

1. Wage Policies in Germany and France 169

2. Monetary and Wage Competition 171

3. Monetary and Wage Cooperation 173

Chapter 6. Rational Policy Expectations 176**Part Six. Monetary and Wage Policies:****The Case of Three Countries..... 179****Chapter 1. Wage Policies in Germany, France and Italy 181**

1. Introduction 181

2. The Policy Model..... 182

3. Another Version of the Policy Model 182

4. A Numerical Example..... 183

Chapter 2. Monetary and Wage Competition..... 186

1. The Static Model 186

2. The Dynamic Model 186

3. A Numerical Example: The Case of Unemployment 188

4. A Numerical Example: The Case of Overemployment 191

Chapter 3. Monetary and Wage Cooperation 193

1. Introduction 193

2. The Policy Model..... 193

3. A Numerical Example: The Case of Unemployment	195
4. A Numerical Example: The Case of Overemployment	197

Part Seven. Monetary, Fiscal and Wage Policies..... 199

1. The Government Closes the Output Gap by 100 Percent, the Labour Union Closes the Output Gap by 100 Percent.....	202
2. The Government Closes the Output Gap by 40 Percent, the Labour Union Closes the Output Gap by 40 Percent.....	206
3. The Government Closes the Output Gap by 20 Percent, the Labour Union Closes the Output Gap by 60 Percent.....	209
4. The Government Closes the Output Gap by 60 Percent, the Labour Union Closes the Output Gap by 60 Percent.....	213
5. The Government Closes the Output Gap by 40 Percent, the Labour Union Closes the Output Gap by 80 Percent.....	216

Synopsis..... 221

1. Monetary and Fiscal Policies	221
2. Monetary and Wage Policies	225

Conclusion..... 229

1. Monetary Policy in Europe	229
2. Fiscal Policies in Germany and France.....	232
3. Monetary and Fiscal Competition.....	234
4. Monetary and Fiscal Cooperation	238
5. Wage Policies in Germany and France	242
6. Monetary and Wage Competition	244
7. Monetary and Wage Cooperation	249

Result..... 253

1. Monetary Policy in Europe	253
2. Fiscal Policies in Germany and France.....	255
3. Monetary and Fiscal Competition.....	256
4. Monetary and Fiscal Cooperation	258
