Portrait of <i>Igor Borisovich Simonenko</i> .....	vii
Editorial Introduction .....	viii

## Introduction

<i>Ya.M. Erusalimsky</i>	
Life and Work of Igor Borisovich Simonenko .....	1
<i>V.S. Pilidi</i>	
Operators of Local Type and Singular Integral Operators .....	2
<i>V.B. Levenshtam, S.M. Zenkovskaya</i>	
An Averaging Method and its Application to Hydrodynamics Problems .....	5
List of Ph.D., whose supervisor was I.B. Simonenko .....	12
List of Ph.D., whose co-supervisor was I.B. Simonenko .....	13
List of D.Sc., whose advisor was I.B. Simonenko .....	13
Principal Publications of I.B. Simonenko .....	13

## Contributions

<i>A.B. Antonevich</i>	
Coefficients Averaging for Functional Operators Generated by Irrational Rotation .....	27
<i>A. Böttcher and D. Wenzel</i>	
On the Verification of Linear Equations and the Identification of the Toeplitz-plus-Hankel Structure .....	43
<i>L.P. Castro, R. Duduchava and F.-O. Speck</i>	
Asymmetric Factorizations of Matrix Functions on the Real Line .....	53
<i>R.G. Douglas and C. Foias</i>	
On the Structure of the Square of a $C_0(1)$ Operator .....	75
<i>I. Feldman, N. Krupnik and A. Markus</i>	
On the Connection Between the Indices of a Block Operator Matrix and of its Determinant .....	85

<i>I. Gohberg, M.A. Kaashoek and L. Lerer</i>	
Quasi-commutativity of Entire Matrix Functions and the Continuous Analogue of the Resultant .....	101
<i>S.M. Grudsky</i>	
Double Barrier Options Under Lévy Processes .....	107
<i>Yu.I. Karlovich</i>	
A Local-trajectory Method and Isomorphism Theorems for Nonlocal $C^*$ -algebras .....	137
<i>V. Kokilashvili, V. Paatashvili and S. Samko</i>	
Boundedness in Lebesgue Spaces with Variable Exponent of the Cauchy Singular Operator on Carleson Curves .....	167
<i>V.B. Levenshtam</i>	
On the Averaging Method for the Problem of Heat Convection in the Field of Highly-Oscillating Forces .....	187
<i>V.S. Rabinovich, S. Roch and B. Silbermann</i>	
Finite Sections of Band-dominated Operators with Almost Periodic Coefficients .....	205
<i>N. Vasilevski</i>	
On the Toeplitz Operators with Piecewise Continuous Symbols on the Bergman Space .....	229
<i>H. Widom</i>	
Asymptotics of a Class of Operator Determinants .....	249

Modern Operator Theory and Applications

The Igor Borisovich Simonenko Anniversary Volume

Erusalimskii, Y.M.; Gohberg, I.; Grudsky, S.M.;

Rabinovitch, V.; Vasilevski, N. (Eds.)

2007, VII, 256 p., Hardcover

ISBN: 978-3-7643-7736-6

A product of Birkhäuser Basel
