1	Introduction	1
1.1	Motivation	1
1.2	Objectives	3
1.3	Outline	5
2	Basic Aspects of Ownership Structure and Performance	9
2.1	Introduction	9
2.2	Ownership Structure and its Measures	9
2.2.1	General Aspects of Ownership Structure and its Measures	10
2.2.2	Non-metric Measures	13
2.2.3	Metric Measures	17
2.2.4	Summary	19
2.3	Ownership Characteristics in Germany and Around the World	19
2.4	Forms of Financial Performance Measures	23
2.4.1	Introduction	23
2.4.2	Market-based Performance Measures	23
2.4.3	Accounting-based Performance Measures	26
2.4.4	Hybrid Performance Measures	28
2.4.5	Summary	33
3	Theoretical Background and Hypotheses	35
3.1	General Remarks	35
3.2	Theoretical Background	36
3.3	Ownership Concentration and Performance	41
3.3.1	Effect of Ownership Concentration on Performance	41
3.3.2	Effect of Performance on Ownership Concentration	45
3.3.3	Summary of Hypotheses on Ownership Concentration	47
3.4	Insider Ownership and Performance	48
3.4.1	Effect of Insider Ownership on Performance	48
3.4.2	Effect of Performance on Insider Ownership	53

3.4.3	Summary of Hypotheses on Insider Ownership	55
3.5	Institutional Ownership and Performance	56
3.5.1	Effect of Institutional Ownership on Performance	57
3.5.2	Effect of Performance on Institutional Ownership	61
3.5.3	Summary of Hypotheses on Institutional Ownership ...	62
3.6	Ownership Concentration, Insider and Institutional Ownership	63
3.6.1	General Discussion	63
3.6.2	Effect of Ownership Concentration on Insider Ownership	64
3.6.3	Effect of Institutional Ownership on Insider Ownership.	65
3.6.4	Summary of Hypotheses of Ownership Concentration, Institutional Ownership and Insider Ownership	66
3.7	Summary of Hypotheses	67
4	Model, Methodology and Data	69
4.1	Introduction	69
4.2	Model Specifications	69
4.2.1	Linearity and Monotonousness	69
4.2.2	Timing of Effects	74
4.2.3	Endogeneity, Simultaneousness and Causation	75
4.2.4	Summary	78
4.3	Methodology	78
4.3.1	General Aspects of Simultaneous Equations Systems ...	78
4.3.2	Estimation of Simultaneous Equations Systems	81
4.3.3	Effect Decomposition after Simultaneous Equations Estimation	83
4.4	Sample Selection and Variables Used	85
4.4.1	Sample Selection	85
4.4.2	Ownership Variables	89
4.4.3	Financial Performance Variables	91
4.4.4	Further Control Variables	93
4.4.5	Descriptives Statistics	103
5	Empirical Analyses	109
5.1	Analysis Procedure	109
5.2	General Ownership Concentration	111
5.2.1	Endogeneity Tests	111
5.2.2	Model Specification	113
5.2.3	Results	116
5.2.4	Robustness Checks	129
5.2.5	Summary	133
5.3	Insider Ownership	134
5.3.1	Endogeneity Tests	134
5.3.2	Model Specification	135
5.3.3	Results	137
5.3.4	Robustness Concerning the Insider Definition	139

5.3.5	Further Robustness Checks	146
5.3.6	Summary	148
5.4	Institutional Ownership	149
5.4.1	Endogeneity Tests	150
5.4.2	Model Specification	151
5.4.3	Results	151
5.4.4	Robustness Checks	157
5.4.5	Summary	160
5.5	Combined Model	160
5.5.1	Results	162
5.5.2	Robustness Checks	171
5.5.3	Summary	171
5.6	Comparison and Summary of Results	175
6	Conclusion	183
	List of Abbreviations	187
	List of Symbols	189
	References	191
	Appendices	217
A.1	Results of "Global Investor Opinion Survey 2002" by McKinsey	217
A.2	Detailed Data on National Ownership Structures	220
A.3	Example on Argument of Constant Market Return	223
A.4	Historic Tobin's Qs	225
A.5	Overview over Selected Studies	229
A.6	Decomposition of Effects in Simultaneous Equation Models ...	312
A.6.1	Decomposition of Total Association in Causal and Noncausal Effects	312
A.6.2	Decomposition into Direct and Indirect Effects	312
A.7	Detailed Skewness and Kurtosis	314
A.8	Detailed and Additional Results of Empirical Analyses	315
A.8.1	Simultaneous Equations Model of General Ownership ..	315
A.8.2	Simultaneous Equations Model of Insider Ownership ...	333
A.8.3	Simultaneous Equations Model of Institutional Ownership	345
A.8.4	Combined Simultaneous Equations Model	357
