Foreword by <i>Mary K. Sidaway</i> . . . . .	v
Series Preface . . . . .	vii
1 Introduction to FNA and Salivary Gland Neoplasia. . . . .	1
2 Salivary Gland FNA: Anatomic, Clinical, and Technical Considerations . . . . .	17
3 Algorithmic Approach to Salivary Gland FNA: An Overview . . . . .	29
4 The Normal Salivary Gland Aspirate. . . . .	41
5 Inflammatory Patterns and Lymphoma . . . . .	57
6 Matrix-Containing Tumors: Pleomorphic Adenoma and Adenoid Cystic Carcinoma. . . . .	81
7 Basaloid Tumors: Basal Cell Adenoma and Basal Cell Adenocarcinoma . . . . .	115
8 Oncocytic Tumors: Oncocytoma, Warthin Tumor, and Acinic Cell Carcinoma . . . . .	131
9 Cystic and Mucinous Lesions: Mucocele and Low-Grade Mucoepidermoid Carcinoma . . . . .	159
10 High-Grade Salivary Gland Tumors: Salivary Duct Carcinoma, High-Grade Mucoepidermoid Carcinoma, and Carcinoma <i>ex</i> Pleomorphic Adenoma . . . . .	183

11. Spindle Cell Tumors: Spindled Myoepithelioma, Myoepithelial-Predominant Pleomorphic Adenoma, and Schwannoma . . . . .	203
12. Clear Cell Neoplasms and Secondary Tumors: Epithelial-Myoepithelial Carcinoma . . . . .	233
Index . . . . .	255

Salivary Gland Cytopathology

Faquin, W.C.; Powers, C.
