
Contents

Microtubules and Morphogenesis

Control of Cell Axis

P. Nick	3
-------------------	---

Crossed-Wires:

Interactions and Cross-Talk Between the Microtubule and Microfilament Networks in Plants

D. A. Collings	47
--------------------------	----

Microtubules and Environment

Microtubules and the Control of Wood Formation

R. Funada	83
---------------------	----

Microtubules and Pathogen Defence

I. Kobayashi · Y. Kobayashi	121
---------------------------------------	-----

Microtubules and Viral Movement

M. Heinlein	141
-----------------------	-----

Microtubules as Sensors for Abiotic Stimuli

P. Nick	175
-------------------	-----

Microtubules and Evolution

Plant Tubulin Genes: Regulatory and Evolutionary Aspects

D. Breviario	207
------------------------	-----

Microtubules and the Evolution of Mitosis

A.-C. Schmit · P. Nick	233
----------------------------------	-----

Subject Index	267
-------------------------	-----

Plant Microtubules

Development and Flexibility

Nick, P. (Ed.)

2008, XIV, 269 p. 39 illus., 1 illus. in color., Hardcover

ISBN: 978-3-540-77175-3
