

Table of Contents

Modules, Minds and Morality <i>M.D. Hauser, L. Young</i>	1
Brain Mechanisms Theoretically Underlying Extremes of Social Behaviors: The Best and the Worst <i>E. Choleris, M. Kavaliers, D. Pfaff</i>	13
Serotonergic Modulation of Sex and Aggression <i>B. Olivier, J.S.W. Chan, M.D. Waldinger</i>	27
The Effect of Neuropeptides on Human Trust and Altruism: A Neuroeconomic Perspective <i>E. Fehr</i>	47
Molecular Neurobiology of the Social Brain <i>L.J. Young</i>	57
Impact of Brain Evolution on Hormones and Social Behaviour <i>E.B. Keverne</i>	65
Brain Oxytocin Mediates Beneficial Consequences of Close Social Interactions: From Maternal Love and Sex <i>I.D. Neumann</i>	81
Hormones, Brain Plasticity and Reproductive Functions <i>D.T. Theodosis</i>	103
Neuroendocrine Mechanisms Underlying the Intergenerational Transmission of Maternal Behavior and Infant Abuse in Rhesus Macaques <i>D. Maestripieri</i>	121
Brain Corticosteroid Receptor Function in Response to Psychosocial Stressors <i>E.R. de Kloet, N.A. Datson, Y. Revsin, D.L. Champagne, M.S. Oitzl</i>	131
Aspects of Behavior in Pedophilic Sex Offenders Treated with Leuprolide Acetate <i>J. Schober</i>	151
The Brain, Androgens, and Pedophilia <i>S. Stoléru</i>	163

Role of Alcohol and Sex Hormones on Human Aggressive Behavior
C.J.P. Eriksson 177

Social Neuroscience: Complexities to Be Unravelled
D. Pfaff, R. Adolphs 187

Subject Index 197

Hormones and Social Behavior

Pfaff, D.W.; Kordon, C.; Chanson, P. (Eds.)

2008, XII, 199 p. 27 illus., 13 illus. in color., Hardcover

ISBN: 978-3-540-79286-4
