

Contents

1	Historical Perspective	1
	José G. Merino and Vladimir Hachinski	
2	Neurovascular Geography and Mapping the Consequences of Its Injury	7
	Ronald M. Lazar and Joanne R. Festa	
3	Ischemic and Intracerebral Hemorrhagic Stroke	19
	Howard Kirshner and Victor Mark	
4	Cerebral Aneurysms and Subarachnoid Hemorrhage	49
	John DeLuca and Charles J. Prestigiacomo	
5	Neuropsychological Effects of Brain Arteriovenous Malformations	59
	Emily R. Lantz and Ronald M. Lazar	
6	Vascular Cognitive Impairment	75
	David J. Libon, Catherine C. Price, Rodney A. Swenson, Dana Penney, Bret Haake, and Alfio Pennisi	
7	Vascular Dementia	87
	Joel H. Kramer and Margaret E. Wetzel	
8	Cerebral Autosomal Dominant Arteriopathy with Subcortical Infarcts and Leukoencephalopathy (CADASIL) and Mitochondrial Encephalomyopathy Lactic Acidosis and Stroke-like Episodes (MELAS)	103
	Sarah Benisty and Hugues Chabriat	
9	Carotid Artery Occlusion and Stenosis	115
	Mohamad Chmayssani and Joanne Festa	
10	Cardiac Arrest	135
	Chun Lim and Michael Alexander	
11	Congestive Heart Failure/Heart Transplant	151
	Giuseppe Zuccalà, Giuseppe Colloca, and Matteo Tosato	

12 Cognition After Cardiac Surgery	163
Ola A. Selnes and Rebecca F. Gottesman	
13 Pulmonary Disease and Lung Transplantation	177
Donna K. Broshek, George W. Shaver, and Mark D. Robbins	
14 Diabetes and Hypertension	191
Lenore J. Launer and Clinton Wright	
15 Neurovascular Consequences of Systemic Disease – Collagen Vascular Disease	203
Stephen L. Holliday and Robin L. Brey	
16 Neurovascular Disease and Mood Disorders	221
Maree L. Hackett and Craig S. Anderson	
17 Functional Imaging in Stroke Recovery	245
R.S. Marshall	
18 Pharmacological Treatment for Cognitive Disorders of Neurovascular Origin	255
Steven Flanagan and Wayne A. Gordon	
19 Neuropsychological Rehabilitation	281
Gail A. Eskes and Anna M. Barrett	
Index	307

Neurovascular Neuropsychology

Festa, J.; Lazar, R.M. (Eds.)

2009, XVI, 316 p. 46 illus., 5 illus. in color., Hardcover

ISBN: 978-0-387-70713-6
