## Part I Overview of Brain Tumor Survivorship

<b>1 Introduction to Brain Tumor Survivorship and Historical Perspective . . . . .</b>	<b>3</b>
Stewart Goldman and Christopher D. Turner	
<b>2 Late Effects of Neurosurgery . . . . .</b>	<b>7</b>
Arthur J. DiPatri, Martin Pham, and Kenji Muro	
<b>3 Late Effects of CNS Radiation Therapy . . . . .</b>	<b>23</b>
Helen A. Shih, Jay S. Loeffler, and Nancy J. Tarbell	
<b>4 Late Effects of Chemotherapy . . . . .</b>	<b>43</b>
Sridharan Gururangan	
<b>5 Late Effects of Stem Cell Transplantation in Brain Tumor Survivors . . . . .</b>	<b>67</b>
Karina Danner-Koptik, David A. Jacobsohn, and Kimberley J. Dilley	
<b>6 Effect of Cancer Treatment on Neural Stem and Progenitor Cells . . .</b>	<b>81</b>
Jörg Dietrich and Santosh Kesari	
<b>7 The Pediatric Brain Tumor Late Effects Clinic . . . . .</b>	<b>97</b>
Kimberley J. Dilley and Barbara Lockart	

## Part II Medical Late Effects of Brain Tumor Treatment

<b>8 Neurological Complications in Adults . . . . .</b>	<b>113</b>
Michelle Monje and Patrick Y. Wen	
<b>9 Neurological Complications in Children . . . . .</b>	<b>133</b>
Sonia Partap and Paul Graham Fisher	

<b>10</b>	<b>Strokes Among Childhood Brain Tumor Survivors . . . . .</b>	<b>145</b>
	Daniel C. Bowers	
<b>11</b>	<b>Endocrine Late Effects: Manifestations and Treatments . . . . .</b>	<b>155</b>
	Jason R. Fangusaro and Elizabeth Eaumann Littlejohn	
<b>12</b>	<b>Ocular Consequences and Late Effects of Brain Tumor Treatments . . . . .</b>	<b>183</b>
	María E. Echevarría and Joanna L. Weinstein	
<b>13</b>	<b>Auditory Late Effects of Chemotherapy . . . . .</b>	<b>195</b>
	Anna K. Meyer and Nancy M. Young	
<b>14</b>	<b>Reproductive Health Issues in Survivors of Childhood and Adult Brain Tumors . . . . .</b>	<b>215</b>
	Tress Goodwin, B. Elizabeth Delasobera, and Paul Graham Fisher	
<b>15</b>	<b>Cancer Predisposition Syndromes . . . . .</b>	<b>223</b>
	Joanna L. Weinstein, Kanyalakshmi Ayyanar, and Melody A. Watral	
<b>16</b>	<b>Secondary Neoplasms Following Treatment for Brain Tumors . . . . .</b>	<b>239</b>
	Joanna L. Weinstein, Kanyalakshmi Ayyanar, and Melody A. Watral	
<b>Part III Psychosocial Implications of Brain Tumor Survivorship</b>		
<b>17</b>	<b>Neuropsychological Impact of Treatment of Brain Tumors . . . . .</b>	<b>277</b>
	Cinzia R. De Luca, Rowena Conroy, Maria C. McCarthy, Vicki A. Anderson, and David M. Ashley	
<b>18</b>	<b>Psychological and Social Impact of Being a Pediatric Brain Tumor Survivor . . . . .</b>	<b>297</b>
	Stephen A. Sands and Keith P. Pasichow	
<b>19</b>	<b>Psychological and Social Impact of Being a Brain Tumor Survivor: Adult Issues . . . . .</b>	<b>309</b>
	R.D. Calhoun-Eagan	
<b>20</b>	<b>Academic Issues: Special Education and Related Interventions . . . . .</b>	<b>317</b>
	Frank A.J. Zelko and Lisa G. Sorensen	
<b>21</b>	<b>Caregiver and Family Issues for Brain Tumor Survivors . . . . .</b>	<b>331</b>
	Tracy Moore and Stacia Wagner	

**Part IV Additional Topics**

<b>22</b>	<b>Healthy Lifestyle Choices after Cancer Treatment . . . . .</b>	<b>343</b>
	Victoria W. Willard, Melanie J. Bonner, and A. Bebe Guill	
<b>23</b>	<b>Integrative Oncology as Part of the Treatment for Brain Tumors . . .</b>	<b>353</b>
	David S. Rosenthal, Christopher D. Turner, Anne M. Doherty-Gilman, and Elizabeth Dean-Clower	
<b>24</b>	<b>Legal Issues and Laws Relevant to Brain Tumor Survivors . . . . .</b>	<b>363</b>
	G.P. Monaco and Gilbert Smith	
<b>25</b>	<b>Pathways to Brain Tumor Advocacy . . . . .</b>	<b>375</b>
	Susan L. Weiner and Craig Lustig	
<b>26</b>	<b>Screening for Late Effects in Brain Tumor Survivors . . . . .</b>	<b>389</b>
	Wendy Landier, Karen E. Kinahan, Susan Shaw, and Smita Bhatia	
<b>27</b>	<b>Support Organizations, Resources and Relevant Websites . . . . .</b>	<b>411</b>
	Dawn Grenier and Sarah Gupta	
	<b>Index . . . . .</b>	<b>427</b>

Late Effects of Treatment for Brain Tumors

Goldman, S.; Turner, C.D. (Eds.)

2009, XIII, 422 p., Hardcover

ISBN: 978-0-387-77102-1
