

# Contents

## Part I Introduction

<b>1 Advancing the Study of South American Primates . . . . .</b>	<b>3</b>
Paul A. Garber and Alejandro Estrada	

## Part II Taxonomy, Distribution, Evolution, and Historical Biogeography of South American Primates

<b>2 The Diversity of the New World Primates (Platyrrhini): An Annotated Taxonomy . . . . .</b>	<b>23</b>
Anthony B. Rylands and Russell A. Mittermeier	
<b>3 Paleogeography of the South Atlantic: a Route for Primates and Rodents into the New World? . . . . .</b>	<b>55</b>
Felipe Bandoni de Oliveira, Eder Cassola Molina, and Gabriel Marroig	
<b>4 Platyrrhine Ecophylogenetics in Space and Time . . . . .</b>	<b>69</b>
Alfred L. Rosenberger, Marcelo F. Tejedor, Siobhán B. Cooke, and Stephen Pekar	

## Part III Recent Theoretical Advances in Primate Behavior and Ecology

<b>5 Demographic and Morphological Perspectives on Life History Evolution and Conservation of New World Monkeys . . . . .</b>	<b>117</b>
Gregory E. Blomquist, Martin M. Kowalewski, and Steven R. Leigh	
<b>6 Long-Term Field Studies of South American Primates . . . . .</b>	<b>139</b>
Karen B. Strier and Sérgio L. Mendes	
<b>7 Sexual Selection, Female Choice and Mating Systems . . . . .</b>	<b>157</b>
Patrícia Izar, Anita Stone, Sarah Carnegie, and Érica S. Nakai	

<b>8</b>	<b>The Reproductive Ecology of South American Primates: Ecological Adaptations in Ovulation and Conception</b> . . . . .	191
	Toni E. Ziegler, Karen B. Strier, and Sarie Van Belle	
<b>9</b>	<b>Genetic Approaches to the Study of Dispersal and Kinship in New World Primates</b> . . . . .	211
	Anthony Di Fiore	
<b>10</b>	<b>Predation Risk and Antipredator Strategies</b> . . . . .	251
	Stephen F. Ferrari	
<b>11</b>	<b>Mechanical and Nutritional Properties of Food as Factors in Platyrrhine Dietary Adaptations</b> . . . . .	279
	Marilyn A. Norconk, Barth W. Wright, Nancy L. Conklin-Brittain, and Christopher J. Vinyard	
<b>12</b>	<b>Neutral and Niche Perspectives and the Role of Primates as Seed Dispersers: A Case Study from Rio Paratari, Brazil</b> . . . . .	321
	Kevina Vulinec and Joanna E. Lambert	
<b>13</b>	<b>The Use of Vocal Communication in Keeping the Spatial Cohesion of Groups: Intentionality and Specific Functions</b> . . . . .	341
	Rogério Grassetto Teixeira da Cunha and Richard W. Byrne	
<b>14</b>	<b>Primate Cognition: Integrating Social and Ecological Information in Decision-Making</b> . . . . .	365
	Paul A. Garber, Júlio César Bicca-Marques, and Maria Aparecida de O. Azevedo-Lopes	
<b>Part IV Conservation and Management of South American Primates</b>		
<b>15</b>	<b>Impacts of Subsistence Game Hunting on Amazonian Primates</b> . . . .	389
	Benoit de Thoisy, Cécile Richard-Hansen, and Carlos A. Peres	
<b>16</b>	<b>Primate Densities in the Atlantic Forest of Southeast Brazil: The Role of Habitat Quality and Anthropogenic Disturbance</b> . . . . .	413
	Naiara Pinto, Jesse Lasky, Rafael Bueno, Timothy H. Keitt, and Mauro Galetti	
<b>17</b>	<b>Ecological and Anthropogenic Influences on Patterns of Parasitism in Free-Ranging Primates: A Meta-analysis of the Genus <i>Alouatta</i></b> . .	433
	Martin M. Kowalewski and Thomas R. Gillespie	

<b>18 Primate Conservation in South America: The Human and Ecological Dimensions of the Problem</b>	463
Alejandro Estrada	

**Part V Concluding Chapter**

<b>19 Comparative Perspectives in the Study of South American Primates: Research Priorities and Conservation Imperatives</b>	509
Alejandro Estrada and Paul A. Garber

<b>Taxonomic Index</b>	553

South American Primates

Comparative Perspectives in the Study of Behavior,  
Ecology, and Conservation

Garber, P.A.; Estrada, A.; Bicca-Marques, J.C.; Heymann,  
E.W.; Strier, K.B. (Eds.)

2009, XVI, 564 p., Hardcover

ISBN: 978-0-387-78704-6
