

# Contents

<b>Part I   Neuroimmune Interactions .....</b>	<b>1</b>
<b>Cytokines and the Blood–Brain Barrier .....</b>	<b>3</b>
William A. Banks, Jessica L. Lynch, and Tulin O. Price	
<b>Neurochemical and Endocrine Responses to Immune Activation: the Role of Cytokines .....</b>	<b>19</b>
Adrian J. Dunn	
<b>Neural Pathways Mediating Behavioral Changes Associated with Immunological Challenge .....</b>	<b>35</b>
Lisa E. Goehler and Ron P.A. Gaykema	
<b>Molecular Basis of Cytokine Function .....</b>	<b>59</b>
Pranela Rameshwar and Arlene Bardaguez	
<b>Interferon-<math>\alpha</math>, Molecular Signaling Pathways and Behavior .....</b>	<b>71</b>
Jianping Wang	
<b>Exercise and Stress Resistance: Neural-Immune Mechanisms .....</b>	<b>87</b>
Monika Fleshner, Sarah L. Kennedy, John D. Johnson, Heidi E. W. Day, and Benjamin N. Greenwood	
<b>Part II   Neuroimmunological Basis of Behavior .....</b>	<b>109</b>
<b>Alteration of Neurodevelopment and Behavior by Maternal Immune Activation .....</b>	<b>111</b>
Stephen E.P. Smith and Paul H. Patterson	

<b>Interleukin-2 and Septohippocampal Neurons: Neurodevelopment and Autoimmunity .....</b>	<b>131</b>
John M. Petitto, Zhi Huang, Grace K. Ha, and Daniel Dauer	
<b>Cytokine-Induced Sickness Behavior and Depression .....</b>	<b>145</b>
Q. Chang, S.S. Szegedi, J.C. O'Connor, R. Dantzer, and K.W. Kelley	
<b>Effect of Systemic Challenge with Bacterial Toxins on Behaviors Relevant to Mood, Anxiety and Cognition.....</b>	<b>183</b>
Rachel A. Kohman, Joanne M. Hash-Converse, and Alexander W. Kusnecov	
<b>Cytokines, Immunity and Sleep.....</b>	<b>209</b>
Francesca Baracchi and Mark R. Opp	
<b>Cytokines and Aggressive Behavior .....</b>	<b>235</b>
Allan Siegel, Suresh Bhatt, Rekha Bhatt, and Steven S. Zalcman	
<b>Neurochemical and Behavioral Changes Induced by Interleukin-2 and Soluble Interleukin-2 Receptors .....</b>	<b>261</b>
Steven S. Zalcman, Randall T. Woodruff, Ruchika Mohla, and Allan Siegel	
<b>Part III Neuroimmunological Basis of Mental Disorders .....</b>	<b>285</b>
<b>Immunity and Depression: A Clinical Perspective .....</b>	<b>287</b>
Steven J. Schleifer	
<b>Cytokines, Immunity and Schizophrenia with Emphasis on Underlying Neurochemical Mechanisms.....</b>	<b>307</b>
Norbert Müller and Markus J. Schwarz	
<b>Immunobiological and Neural Substrates of Cancer-Related Neurocognitive Deficits .....</b>	<b>327</b>
Martin Klein	
<b>Autoimmunity and Brain Dysfunction.....</b>	<b>341</b>
Steven A. Hoffman and Boris Sakic	
<b>Viruses and Psychiatric Disorders.....</b>	<b>383</b>
Bradley D. Pearce	
<b>Microglial Cells and Inflammatory Cytokines in the Aged Brain .....</b>	<b>411</b>
Amy F. Richwine and Rodney W. Johnson	
<b>Index.....</b>	<b>425</b>

The Neuroimmunological Basis of Behavior and Mental  
Disorders

Siegel, A.; Zalcman, S.S. (Eds.)

2009, XV, 438 p., Hardcover

ISBN: 978-0-387-84850-1
