

# Contents

## Part I Biological Hazards in Meat and Processed Meats

<b>1</b>	<b>Main Concerns of Pathogenic Microorganisms in Meat</b> . . . . .	<b>3</b>
	Birgit Nørrung, Jens Kirk Andersen, and Sava Buncic	
<b>2</b>	<b>Fate of <i>Escherichia coli</i> O157:H7 in Meat</b> . . . . .	<b>31</b>
	Angela Laury, Alejandro Echeverry, and Mindy Brashears	
<b>3</b>	<b>Insights into Fresh Meat Spoilage</b> . . . . .	<b>55</b>
	Spiros Paramithiotis, P.N. Skandamis, and George-John E. Nychas	
<b>4</b>	<b>Mycotoxins in Meat and Processed Meat Products</b> . . . . .	<b>83</b>
	Jean- Denis Bailly and Philippe Guerre	
<b>5</b>	<b>Transmissible Spongiform Encephalopathy and Meat Safety</b> . . . . .	<b>125</b>
	Hester J. T. Ward and Richard S.G. Knight	

## Part II Decontamination and/or Protection Technologies for Meat Processing

<b>6</b>	<b>Strategies for On-Line Decontamination of Carcasses</b> . . . . .	<b>149</b>
	Oleksandr A. Byelashov and John N. Sofos	
<b>7</b>	<b>Advanced Decontamination Technologies: High Hydrostatic Pressure on Meat Products</b> . . . . .	<b>183</b>
	Margarita Garriga and Teresa Aymerich	
<b>8</b>	<b>Advanced Decontamination Technologies: Irradiation</b> . . . . .	<b>209</b>
	Eun Joo Lee and Dong U. Ahn	
<b>9</b>	<b>Control of Thermal Meat Processing</b> . . . . .	<b>229</b>
	Carl L. Griffis and Tareq M. Osaili	

<b>10</b>	<b>Antimicrobials Treatment</b> . . . . .	255
	Eleftherios H. Drosinos, Panagiotis N. Skandamis, and Marios Mataragas	
<b>11</b>	<b>Biopreservation</b> . . . . .	297
	Bruna C. Gomes, Lizziane K. Winkelströter, Fernanda B. dos Reis, and Elaine C. P. De Martinis	
<b>12</b>	<b>Oxidative Changes and Their Control in Meat and Meat Products</b> . . . . .	313
	Karl-Otto Honikel	
<b>Part III Non-Biological Residues and Contaminants in Meat and Processed Meats</b>		
<b>13</b>	<b>Polycyclic Aromatic Hydrocarbons in Smoked Meats</b> . . . . .	343
	Peter Šimko	
<b>14</b>	<b>Veterinary Drugs and Growth Promoters Residues in Meat and Processed Meats</b> . . . . .	365
	Milagro Reig and Fidel Toldrá	
<b>15</b>	<b>Priority Environmental Chemical Contaminants in Meat</b> . . . . .	391
	Gianfranco Brambilla, Annalaura Iamiceli, and Alessandro diDomenico	
<b>Part IV Current Methodologies for the Detection of Contaminants in Meat and Processed Meats</b>		
<b>16</b>	<b>Real-Time PCR Methods for Detection of Foodborne Bacterial Pathogens in Meat and Meat Products</b> . . . . .	427
	Marta Hernández, Flemming Hansen, Nigel Cook, and David Rodríguez-Lázaro	
<b>17</b>	<b>Detecting and Tracking Emerging Pathogenic and Spoilage Bacteria from Farm to Fork</b> . . . . .	447
	Geraldine Duffy	
<b>18</b>	<b>Molecular Analysis of Pathogenic Bacteria and Their Toxins</b> . . . . .	461
	Catherine M. Logue and Lisa K. Nolan	
<b>19</b>	<b>Methodologies for the Detection of BSE Risk Material in Meat and Meat Products</b> . . . . .	499
	Ernst Lückner	

<b>20</b>	<b>GMO Detection</b> . . . . .	<b>515</b>
	Jaroslava Ovesná, Kateřina Demnerová, and Vladimíra Pouchová	
<b>Part V Risk Assessment and Regulations on Meat Safety</b>		
<b>21</b>	<b>Principles of Predictive Modeling</b> . . . . .	<b>535</b>
	Marie Laure Delignette-Muller	
<b>22</b>	<b>Predictive Modeling of Pathogen Growth in Cooked Meats</b> . . . . .	<b>559</b>
	Harshavardhan Thippareddi, Jeyamkondan Subbiah, Nageswara Rao Korasapati, and Marcos X. Sanchez-Plata	
<b>23</b>	<b>Microbiological Quantitative Risk Assessment</b> . . . . .	<b>591</b>
	Silvia Dominguez and Donald W. Schaffner	
<b>24</b>	<b>Quantitative Risk Assessment of Bovine Spongiform Encephalopathy</b> . . . . .	<b>615</b>
	Toshiyuki Tsutsui and Fumiko Kasuga	
<b>25</b>	<b>Regulations on Meat Hygiene and Safety in the European Union</b> . . . . .	<b>631</b>
	Ron H. Dwinger, Thomas E. Golden, Maija Hatakka, and Thierry Chalus	
<b>26</b>	<b>Regulations on Meat Hygiene in the USA</b> . . . . .	<b>649</b>
	Robert (Skip) A. Seward	
	<b>Index</b> . . . . .	<b>685</b>
