

Contents

Part I Introducing Group Cognition in Virtual Math Teams	
Introduction to Part I	3
1 A Chat About Chat	7
Gerry Stahl	
2 The VMT Vision	17
Gerry Stahl	
3 Mathematical Discourse as Group Cognition	31
Gerry Stahl	
4 Interactional Methods and Social Practices in VMT	41
Gerry Stahl	
5 From Individual Representations to Group Cognition	57
Gerry Stahl	
 Part II Studying Group Cognition in Virtual Math Teams	
Introduction to Part II	77
6 The Sequential Co-Construction of the Joint Problem Space . . .	83
Johann W. Sarmiento-Klapper	
7 The Organization of Graphical, Narrative and Symbolic Interactions	99
Murat Perit Çakir	
8 Question Co-Construction in VMT Chats	141
Nan Zhou	
9 Resolving Differences of Perspective in a VMT Session	161
Ramon Prudencio S. Toledo	

Part III Studying Group Discourse in Virtual Math Teams

	Introduction to Part III	181
10	Representational Practices in VMT Richard Medina, Daniel D. Suthers, and Ravi Vatrappu	185
11	Student and Team Agency in VMT Elizabeth S. Charles and Wesley Shumar	207
12	Group Creativity in VMT Johann W. Sarmiento-Klapper	225
13	Inscriptions, Mathematical Ideas and Reasoning in VMT Arthur B. Powell and F. Frank Lai	237
14	Reading's Work in VMT Alan Zemel and Murat Perit Çakir	261

Part IV Designing the VMT Collaboration Environment

	Introduction to Part IV	279
15	The Integration of Dual-Interaction Spaces Martin Mühlpfordt and Martin Wessner	281
16	Designing a Mix of Synchronous and Asynchronous Media for VMT Gerry Stahl	295
17	Deictic Referencing in VMT Gerry Stahl	311
18	Scripting Group Processes in VMT Gerry Stahl	327
19	Helping Agents in VMT Yue Cui, Rohit Kumar, Sourish Chaudhuri, Gahgene Gweon, and Carolyn Penstein Rosé	335

Part V Representing Group Interaction in VMT

	Introduction to Part V	357
20	Thread-Based Analysis of Patterns in VMT Murat Perit Çakir, Fatos Xhafa, and Nan Zhou	359
21	Studying Response-Structure Confusion in VMT Hugo Fuks and Mariano Pimentel	373
22	A Multidimensional Coding Scheme for VMT Jan-Willem Strijbos	399

23	Combining Coding and Conversation Analysis of VMT Chats . . .	421
	Alan Zemel, Fatos Xhafa, and Murat Perit Çakir	
24	Polyphonic Inter-Animation of Voices in VMT	451
	Stefan Trausan-Matu and Traian Rebedea	
25	A Model for Analyzing Math Knowledge Building in VMT	475
	Juan Dee Wee and Chee-Kit Looi	
 Part VI Conceptualizing Group Cognition in VMT		
	Introduction to Part VI	501
26	Meaning Making in VMT	505
	Gerry Stahl	
27	Critical Ethnography in the VMT Project	529
	Terrence W. Epperson	
28	Toward a Science of Group Cognition	555
	Gerry Stahl	
	Notes	581
	References	585
	Name Index	609
	Subject Index	615
