Preface.....	v
Contributors .....	ix
<b>PART I THEORETICAL AND MECHANISTIC ASPECTS OF FUNCTIONAL SELECTIVITY</b>	
<b>1 Historical Overview of the Concept of Functional Selectivity .....</b>	<b>3</b>
Bryan L. Roth	
<b>2 Functional Selectivity: Theoretical Considerations and Future Directions .....</b>	<b>9</b>
Terry Kenakin	
<b>3 Agonist-Selective Coupling of G Protein-Coupled Receptors.....</b>	<b>25</b>
Barbara Bosier and Emmanuel Hermans	
<b>4 Ligand-Selective Receptor Desensitization and Endocytosis .....</b>	<b>55</b>
Jennifer L. Whistler	
<b>5 Selectivity for G Protein or Arrestin-Mediated Signaling .....</b>	<b>71</b>
Laura M. Bohn	
<b>6 In Vivo Evidence for and Consequences of Functional Selectivity .....</b>	<b>87</b>
Kim A. Neve, Marc G. Caron, and Jean-Martin Beaulieu	
<b>PART II SUBFAMILIES OF THERAPEUTICALLY RELEVANT RECEPTORS</b>	
<b>7 Functional Selectivity at Adrenergic Receptors .....</b>	<b>107</b>
Richard R. Neubig	
<b>8 Signaling Diversity Mediated by Muscarinic Acetylcholine Receptor Subtypes and Evidence for Functional Selectivity .....</b>	<b>125</b>
R.A. John Challiss and Rachel L. Thomas	
<b>9 Functional Selectivity at Serotonin Receptors.....</b>	<b>155</b>
Kelly A. Berg and William P. Clarke	

<b>10 Functional Selectivity at Dopamine Receptors.....</b>	<b>177</b>
Richard B. Mailman, Yan-Min Wang, Andrew Kant, and Justin Brown	
<b>11 Functional Selectivity at Receptors for Cannabinoids and Other Lipids .....</b>	<b>211</b>
Allyn C. Howlett	
<b>12 Functional Selectivity at Opioid Receptors .....</b>	<b>243</b>
Graciela Piñeyro	
<b>13 Functional Selectivity at Non-Opioid Peptide Receptors .....</b>	<b>267</b>
Anushree Bhatnagar and Sadashiva Karnik	
<b>Index.....</b>	<b>283</b>

Functional Selectivity of G Protein-Coupled Receptor  
Ligands

New Opportunities for Drug Discovery

Neve, K. (Ed.)

2009, X, 292 p., Hardcover

ISBN: 978-1-60327-334-3
