

# Contents

<b>Part I Offering Dimension .....</b>	<b>1</b>
<b>1 PSS Layer Method – Application to Microenergy Systems .....</b>	<b>3</b>
1.1 Industrial Challenges .....	4
1.2 From Product-Service Systems to Sustainable Microenergy Systems .....	4
1.2.1 Introduction to Product-Service Systems .....	4
1.2.2 Introduction to Microenergy Systems as an Example of PSS .....	5
1.2.3 Introduction to Sustainability .....	9
1.3 The PSS Layer Method .....	9
1.3.1 Purpose and Use .....	10
1.4 Industrial Application Case in Detail – The Solar Home System of MicroEnergy International .....	15
1.5 Evaluation of the Sustainability of the System .....	26
1.6 Reflection and Findings .....	27
1.6.1 Experiences and Opportunities .....	27
1.6.2 Limitations and Potential for Improvement .....	28
1.6.3 Recommendations .....	28
1.7 Outlook .....	29
1.8 Acknowledgments .....	29
References .....	29
<b>2 Life-Cycle Perspectives of Product/Service- Systems: In Design Theory ....</b>	<b>31</b>
2.1 Introduction .....	32
2.2 What Are Product/Service-Systems? .....	32
2.3 What Is Life-Cycle Perspective? .....	35
2.3.1 Environmental Concerns of Product/Service Systems .....	36
2.4 Life-Cycle Perspective of Product/Service Systems .....	38
2.4.1 Manufacturing .....	38
2.4.2 Delivery .....	39
2.4.3 Usage .....	39
2.4.4 Maintenance .....	39
2.4.5 Recycling .....	40

2.4.6 Remanufacturing .....	41
2.5 Discussion .....	44
2.6 Recommendations .....	46
2.7 Conclusions .....	46
References .....	46
<b>3 Life-Cycle Perspectives of Product/Service-Systems: Practical Design Experiences .....</b>	<b>51</b>
3.1 Introduction .....	52
3.1.1 Background .....	52
3.1.2 Aim .....	52
3.1.3 Case Study Methodology .....	52
3.2 Industrial Case Study Results .....	53
3.2.1 Case A: Household Appliances .....	54
3.2.2 Case B: Soil Compactors .....	59
3.2.3 Case C: Forklift Trucks .....	63
3.2.4 Reflection on the Case Studies .....	66
3.3 Discussion .....	67
3.4 Conclusions .....	68
3.5 Recommendation to PSS Providers .....	69
3.6 Acknowledgments .....	69
References .....	69
<b>4 Systematic Generation of PSS Concepts Using a Service CAD Tool .....</b>	<b>71</b>
4.1 Introduction .....	72
4.2 Issues and Challenges .....	73
4.2.1 Reflecting Research Findings .....	73
4.2.2 Representation of PSS Design Information .....	74
4.2.3 Systematic Design .....	76
4.2.4 Requirements of Service CAD Tools .....	77
4.3 Systematic PSS Concept Generation Using ISCL .....	77
4.3.1 PSS Information Collection and Classification .....	78
4.3.2 PSS Concept Generation .....	80
4.4 Demonstration with Examples in Industry .....	83
4.4.1 Information Collection and Organization .....	84
4.4.2 Generating PSS Design Concept .....	84
4.4.3 Analysis and Discussions .....	87
4.5 Conclusions .....	89
References .....	90
<b>5 Value Creation in PSS Design Through Product and Packaging Innovation Processes .....</b>	<b>93</b>
5.1 Introduction .....	94
5.2 The Packaging System .....	94

5.2.1 Integrated Product and Packaging Development.....	96
5.2.2 Service as a Value Creator in the Product/Package/Service-System.....	97
5.2.3 Communication: A Value-Added Service to Consumers.....	98
5.2.4 Environmental Aspects on the Integrated System.....	99
5.3 Industrial Examples of Integrated Development.....	100
5.3.1 The Paper Packaging Material Producer – Environmental Service Addition.....	100
5.3.2 The Package Producer – Value-Adding Services to Supply Chain Actors.....	102
5.3.3 The Environmental Impact of Integrated Product and Package Development.....	103
5.3.4 Service Addition Through Interactive Communication.....	105
5.4 Conclusions.....	107
References.....	108
<b>Part II Customer Dimension .....</b>	<b>111</b>
<b>6 Service Engineering – Methods and Tools for Effective PSS Development.....</b>	<b>113</b>
6.1 Introduction.....	114
6.2 Service Engineering.....	114
6.3 Service Modelling.....	115
6.3.1 The Outline of a Service Model .....	115
6.3.2 Receiver's State.....	115
6.3.3 Flow Model .....	116
6.3.4 View Model.....	117
6.3.5 Scope Model.....	118
6.3.6 Service Evaluation Using the QFD .....	118
6.4 Service Activity Design .....	123
6.5 A Unified Representation Scheme of Service Activity.....	124
6.5.1 Extended Service Blueprint.....	124
6.6 Application to an Actual Service .....	125
6.6.1 Elevator Operation Service.....	125
6.6.2 RSP Identification .....	126
6.6.3 View Model Construction .....	126
6.6.4 Blueprint Construction .....	128
6.6.5 Evaluation of Process Importance.....	128
6.7 Service CAD System .....	128
6.8 Conclusions.....	134
References.....	134
<b>7 Addressing Uncertainty of PSS for Value-Chain Oriented Service Development.....</b>	<b>137</b>

7.1 Introduction .....	138
7.2 Industrial Challenges in Developing PSS .....	138
7.2.1 Literature Review .....	138
7.2.2 Company Interviews .....	140
7.3 The Solution: A Tool for Value-Chain Oriented Service Development ..	144
7.3.1 Overview .....	144
7.3.2 Overall Description of the Adopted Model .....	145
7.3.3 Structural Design of the Model .....	145
7.3.4 Profile View of the Model .....	149
7.3.5 Use of the Model .....	150
7.4 Application .....	150
7.4.1 Basic Conditions for the Simulation .....	151
7.4.2 Construction of the Taxonomy Table for Service Contents .....	151
7.4.3 Effectiveness of the Model .....	155
7.5 Future Trends .....	155
7.6 Conclusions .....	156
7.7 Acknowledgments .....	156
References .....	156
<b>8 Value Visualization Strategies for PSS Development.....</b>	<b>159</b>
8.1 Introduction .....	160
8.2 Issues and Challenges .....	160
8.2.1 Visualization in the PSS Development Process .....	162
8.2.2 Value Characteristics of Integrated Offerings .....	162
8.3 Solutions and Recommendations.....	165
8.3.1 A Process Framework for Visualization Strategies.....	167
8.3.2 Visualization Strategies and the Intangible Nature of PSS .....	169
8.4 The Visualization Process: Examples in Industries .....	170
8.4.1 The Market Sensing Stage.....	172
8.4.2 The Development Stage .....	173
8.4.3 The Sales Stage .....	175
8.4.4 The Delivery Stage.....	177
8.4.5 Future Trends .....	179
8.4.6 Conclusions .....	179
References .....	180
<b>Part III Provider Dimension .....</b>	<b>183</b>
<b>9 Using Company–Academia Networks for Improving Product/Service Systems at Large Companies.....</b>	<b>185</b>
9.1 Industrial Needs.....	186
9.2 Experiences from a Network of Large PSS Providers .....	187
9.2.1 The Aim of the Network .....	187
9.2.2 Why Have Networks for Learning for PSS? .....	188

9.2.3 Challenges for Network Members.....	189
9.2.4 Workshops Conducted .....	192
9.3 Recommendations for Learning in PSS Networks.....	193
9.3.1 Recommendations for Participating PSS Providers .....	193
9.3.2 Recommendations for Participating Researchers .....	194
9.4 Conclusions and Outlook.....	195
9.5 Acknowledgments .....	196
References.....	196
<b>10 Service-Oriented Strategies for Manufacturing Firms .....</b>	<b>197</b>
10.1 Introduction.....	198
10.2 PSS as a Service-Oriented Strategy .....	198
10.3 Opportunities for PSS in the Market.....	199
10.4 PSS as a Business Strategy .....	200
10.5 Service-Oriented Capabilities and Organisation .....	201
10.5.1 Structure .....	203
10.5.2 Process and Methods .....	204
10.5.3 Capabilities and Physical Assets .....	206
10.5.4 Measurement and Rewards.....	207
10.5.5 People and Competencies.....	208
10.5.6 Culture.....	210
10.6 Readiness for Service-Orientation .....	210
10.7 The Transition from Product to Service-Orientation .....	212
10.8 Future Perspectives .....	214
10.9 Conclusions.....	215
References.....	216
<b>11 People, Product and Process Perspectives on Product/Service-System Development.....</b>	<b>219</b>
11.1 Product/Service-Systems .....	220
11.2 The Role of Models in Product Development.....	222
11.3 Changed View for Development.....	223
11.3.1 Product .....	224
11.3.2 Service.....	226
11.3.3 Systems.....	229
11.4 A Multiple Perspective on PSS Development .....	231
11.5 Implications and Suggestions for Industry.....	233
11.6 Suggestions for Further Research .....	234
References.....	235
<b>12 Managerial Recommendations for Service Innovations in Different Product-Service Systems.....</b>	<b>237</b>
12.1 Introduction.....	238
12.2 Problems with Service Innovations.....	240

12.3 Product-Service Systems and Corresponding Service Strategies .....	241
12.3.1 Determinants to Success for Service Innovations .....	247
12.4 Aligning Service Innovations with Service Strategies.....	249
12.4.1 Service Innovations with After-Sales Service Providers .....	249
12.4.2 Service Innovations with Customer Support Service Providers.....	251
12.4.3 Service Innovations with Development Partners.....	252
12.4.4 Service Innovations with Supplementary Service Providers.....	253
12.4.5 Service Innovations with Outsourcing Partners .....	255
12.5 Future Trends.....	256
12.6 Conclusions .....	257
References .....	258
<b>Biographies .....</b>	<b>261</b>
<b>Index.....</b>	<b>277</b>

Introduction to Product/Service-System Design

Sakao, T.; Lindahl, M. (Eds.)

2009, XXII, 279 p., Hardcover

ISBN: 978-1-84882-908-4
