## Part I General

---

Introduction .....	3
Prevalence of Somatic and Emotional Disorders .....	7

## Part II Specific Patterns of Disease

---

1	Primarily Psychogenic Dermatoses ...	11
1.1	Self-Inflicted Dermatitis:	
	Factitious Disorders .....	12
1.1.1	Dermatitis Artefacta Syndrome (DAS)	13
1.1.2	Dermatitis Paraartefacta Syndrome (DPS) .....	16
	Skin-Picking Syndrome (Neurotic Excoriations) .....	17
	Acne Excoriée (Special Form) .....	18
	Morsicatio Buccarum .....	19
	Cheilitis Factitia .....	20
	Pseudoknuckle Pads .....	20
	Onychophagia, Onychotillomania, Onychotemnomania .....	21
	Trichotillomania, Trichotemnomania, Trichoteiromania .....	21
1.1.3	Malingering .....	24
	Therapy .....	25
1.1.4	Special Forms .....	28
	Gardner–Diamond Syndrome .....	28

	Münchhausen’s Syndrome .....	29
	Münchhausen-by-Proxy Syndrome ..	30
1.2	Dermatoses as a Result of Delusional Illnesses and Hallucinations .....	30
	Delusion of Parasitosis .....	32
	Body Odor Delusion (Bromhidrosis) ..	35
	Hypochondriacal Delusions .....	36
	Body Dysmorphic Delusions .....	36
	Special Form: Folie à Deux .....	37
1.3	Somatoform Disorders .....	38
1.3.1	Somatization Disorders .....	38
	Environmentally Related Physical Complaints .....	38
	Ecosyndrome, “Ecological Illness,” “Total Allergy Syndrome” .....	39
	Multiple Chemical Sensitivity Syndrome .....	41
	Sick-Building Syndrome .....	41
	Gulf War Syndrome .....	41
	Special Forms .....	41
	Electrical Hypersensitivity .....	41
	Amalgam-Related Complaint Syndrome .....	42
	“Detergent Allergy” .....	42
	Chronic Fatigue Syndrome .....	42
	Fibromyalgia Syndrome .....	42
1.3.2	Hypochondriacal Disorders .....	43
	Cutaneous Hypochondrias .....	44

Body Dysmorphic Disorders (Dysmorphophobia) .....	45		Dissociative Sensitivity and Sensory Disorders (F44.6) .....	65
Whole-Body Disorders .....	46	1.3.5	Other Undifferentiated Somatoform Disorders (Cutaneous Sensory Disorders) .....	67
Dorian Gray syndrome .....	46		Somatoform Itching .....	67
Hypertrichosis .....	47		Somatoform Burning, Stabbing, Biting, Tingling .....	69
Hyperhidrosis .....	47	1.4	Dermatoses as a Result of Compulsive Disorders .....	71
Muscle Mass .....	48		Compulsive Washing .....	72
Special Form: Eating Disorders .....	48		Primary Lichen Simplex Chronicus ..	73
Partial Body Disorders .....	50	2	Multifactorial Cutaneous Diseases ...	79
Psychogenic Effluvium, Telogen Effluvium, Androgenic Alopecia .....	50		Atopic Dermatitis .....	79
Geographic Tongue .....	52		Acne Vulgaris .....	86
Buccal Sebaceous Gland Hypertrophy ..	52		Psoriasis Vulgaris .....	91
Breast .....	53		Alopecia Areata .....	95
Genitals .....	53		Perianal Dermatitis (Anal Eczema) ...	97
Cellulite .....	53		Dyshidrosiform Hand Eczema (Dyshidrosis) .....	99
Special Form: Botulinophilia in Dermatology .....	54		Herpes Genitalis/Herpes Labialis ....	100
1.3.3 Somatoform Autonomic Disorders (Functional Disorders) .....	58		Hyperhidrosis .....	102
Facial Erythema (Blushing) .....	59		Special Forms .....	103
Erythrophobia .....	59		Hypertrichosis .....	104
Goose Bumps (Cutis Anserina) .....	59		Lichen Planus .....	104
Hyperhidrosis .....	60		Lupus Erythematoses .....	106
1.3.4 Persistent Somatoform Pain Disorders (Cutaneous Dysesthesias) .....	60		Malignant Melanoma .....	107
Dermatodynia .....	60		Perioral Dermatitis .....	109
Glossodynia .....	60		Progressive Systemic Scleroderma ..	110
Trichodynia/Scalp Dysesthesia .....	62		Prurigo .....	112
Urogenital and Rectal Pain Syndromes	63		Rosacea .....	113
Phallodynia/Orchiodynia/ Prostatodynia .....	64		Seborrheic Dermatitis .....	115
Anodynia/Proctalga Fugax .....	64		Ulcers of the Leg (Venous Stasis) ....	116
Vulvodynia .....	64		Urticaria .....	117
Special Forms .....	65		Vitiligo .....	120
Erythromelalgia .....	65	3	Secondary Emotional Disorders and Comorbidities .....	123
Posthepetic Neuralgias .....	65	3.1	Congenital Disfiguring Dermatoses and Their Sequelae (Genodermatoses) .....	124
Trigeminal Neuralgia .....	65			
Notalgia Paresthetica .....	65			

3.2	Acquired Disfiguring Dermatoses and Their Sequelae .....	125			
	Infections, Autoimmune Dermatitis,				
	Trauma .....	125			
	Neoplasias .....	125			
3.3	Comorbidities .....	127			
3.3.1	Depressive Disorders .....	127			
	Persistent Affective Disorders .....	129			
	Dysthymia .....	129			
	Special Form: Season-Dependent Depression .....	130			
	Mixed Disorders/New Syndromes (Sisi Syndrome) .....	130			
3.3.2	Anxiety Disorders .....	131			
	Social Phobias .....	132			
	Special Forms .....	132			
	Iatrogenic Fear .....	132			
3.3.3	Compulsive Disorders .....	133			
3.3.4	Stress and Adjustment Disorders ...	133			
3.3.5	Dissociative Disorders .....	134			
3.3.6	Personality Disorders .....	135			
	Emotionally Unstable Personality Disorders (Borderline Disorders) .....	135			
<b>Part III Special Focal Points in Dermatology</b>					
4	Allergology .....	141			
4.1	Immediate Reactions, Type I Allergy	143			
	Undifferentiated Somatoform Idiopathic Anaphylaxis .....	144			
	Pseudo-Sperm Allergy/Sperm Allergy	145			
	Food Intolerances .....	147			
4.2	Late Reactions .....	149			
	Contact Dermatitis .....	149			
5	Andrology .....	151			
	Premature Ejaculation .....	152			
	Lack of Desire .....	152			
	Failure of Genitale Response .....	153			
	Stress and Fertility .....	154			
	Special Case: Somatoform Disorders in Andrology .....	155			
	Venereology .....	156			
	Skin Diseases and Sexuality .....	157			
6	Cosmetic Medicine .....	159			
	Psychosomatic Disturbances and Cosmetic Surgery .....	161			
	Possible Psychosomatic/Mental Disorders .....	161			
	Comorbidity .....	162			
	Indication for Cosmetic Surgery and Psychosomatic Disturbances ...	165			
	Management of Psychosomatic Patients Requesting Cosmetic Surgery .....	166			
	Lifestyle Medicine in Dermatology ..	168			
7	Psychosomatic Dermatology in Emergency Medicine .....	175			
8	Surgical and Oncological Dermatology .....	177			
	Indication in Aesthetic Dermatology	178			
	Fear of Operation .....	178			
	Polysurgical Addiction .....	178			
	Oncology .....	181			
9	Photodermatology .....	183			
10	Suicide in Dermatology .....	187			
11	Traumatization:Sexual Abuse .....	189			
12	Special Psychosomatic Concepts in Dermatology .....	195			
	Psychosomatic Theories .....	195			
	Stress .....	196			
	Central Nervous System – Skin Interactions:				
	Role of Psychoneuroimmunology and Stress .....	197			
	Psoriasis .....	202			
	Atopic Dermatitis .....	202			
	Urticaria .....	203			
	Infections .....	203			
	Cancer .....	203			

Central Nervous System – Skin Interactions: Role of Neuropeptides and Neurogenic Inflammation .....	206
Coping .....	208
Quality of Life .....	209
Sociocultural Influence Factors and Culture-Dependent Syndromes .....	211

## Part IV From the Practice for the Practice

13	Psychosomatic Psychodermatologic Primary Care and Psychosomatic Diagnostic .....	215
	Establishing the Level of Functioning .....	216
	Using Preliminary Information .....	216
	Using Systematic Clinical Tools .....	216
	Using the Findings .....	217
	Other Therapeutic Implementations .....	219
	Supportive Procedures and Crisis Intervention .....	219
	Deep-Psychological Focal Therapy/Short-Term Therapy .....	220
	Tips and Tricks for Psychosomatic Dermatology in Clinical Practice .....	220
	Psychoeducation .....	220
	Training .....	221
	Auxiliary Tools for Psychodermatological Evaluation Diagnosis and Treatment .....	221
	Psychological Test Diagnostics .....	222
	Questionnaires for Practical Use in Dermatology .....	222
	Complaint Diary .....	229
	Visual Analog Scale (VAS) .....	229
14	Psychotherapy .....	231
	Indication For and Phases of Psychotherapy .....	231
	Limitations of Psychotherapy .....	233
	Psychotherapy Procedures .....	233
	Behavior Therapies .....	233
	Deep-Psychological Psychotherapies .....	235
	Relaxation Therapies .....	236

15	Psychopharmacological Therapy in Dermatology .....	239
	Main Indications and Primary Target .....	240
	Symptoms of the Medications .....	240
	Dermatologic Conditions with Underlying Psychotic/Confusional Functioning .....	241
	Atypical Neuroleptics .....	243
	Depressive Disorders .....	245
	Selective Serotonin Reuptake Inhibitors .....	248
	Non-SSRIs .....	249
	Other Non-SSRI Antidepressants .....	250
	Tricyclic Antidepressants .....	250
	Other Tricyclic Antidepressants (Amitriptyline, Imipramine, Desipramine Group) .....	251
	Compulsive Disorders .....	251
	Anxiety and Panic Disorders .....	252
	Benzodiazepines .....	252
	Nonbenzodiazepines .....	254
	Alternatives .....	254
	Special Group: Beta Blockers .....	254
	Hypnotics .....	255
	Antihistamines with Central Effect .....	256
16	SAD Light Therapy, Vagal Stimulation, and Magnetic Stimulation .....	259
16.1	Light Treatment of Seasonal Affective Depression .....	259
16.2	Treating Depression with Vagus Nerve Stimulation .....	260
16.3	Transcranial Magnetic Stimulation .....	260
17	The Difficult or Impossible-To-Treat Problem Patient .....	261
	Expert Killers and Doctor Shopping .....	262
	Avoidable Medical Treatment Errors .....	262
	Compliance .....	263
	The Helpless Dermatologist .....	264

18    The Dermatologist's Personal  
     Challenges Within the Institutional  
     Framework: Developing  
     the Psychodermatologic Practice .... 265

19    Liaison Consultancy ..... 269

20    New Management in Psychosomatic  
     Dermatology ..... 271

     Outpatient Practice Models ..... 271

     Inhospital Psychosomatic Therapy  
     Concepts ..... 271

     Psychosomatic Day Clinic ..... 273

21    A Look into the Future ..... 275

**Part V Appendix**
