The Influence of Contaminated Sediments on Sustainable Use of the Planet

J. Cairns Jr. 1

Chlorinated and Brominated Organic Pollutants in Contaminated River Sediments

E. Eljarrat · D. Barceló 21

Effects of Static vs. Tidal Hydraulic Conditions on Biogeochemical Processes in Mesocosms: Degradation of Aromatic Hydrocarbons (AHs)

W. J. Catallo · J. L. Comeaux · T. Junk 57

Marine Sediment Toxicity Identification Evaluations (TIEs): History, Principles, Methods, and Future Research

K. T. Ho · R. M. Burgess 75

Nucleic Acid-Based Techniques for Studying Diversity and Activity of Bacterial Communities in Oil-Contaminated Sediments

R. M. M. Abed 97

Steady-State Model of Chemical Migration in a Sediment Cap

D. Reible · C. Kiehl-Simpson · A. Marquette 161

Subject Index 179

Contaminated Sediments

Kassim, T.A.; Barceló, D. (Eds.)

2009, XVI, 181 p. 36 illus., 2 illus. in color., Hardcover

ISBN: 978-3-540-88013-4
