# Contents

## Part I:

### Formation, Detection and Occurrence of Transformation Products

#### Mechanisms of Degradation of Synthetic Chemicals

L. P. Wackett · L. B. M. Ellis . . . . . 3

#### Predicting the Persistence of Organic Compounds

P. H. Howard . . . . . 17

#### Analyzing transformation products of synthetic chemicals

S. Pérez · M. Petrovic · D. Barceló . . . . . 43

#### Occurrence of Transformation Products in the Environment

D. W. Kolpin · W. A. Battaglin · K. E. Conn · E. T. Furlong  
S. T. Glassmeyer · S. J. Kalkhoff · M. T. Meyer · D. J. Schnoebelen . . . . . 83

## Part II:

### Exposure of Transformation Products

#### Fate of Transformation Products of Synthetic Chemicals

D. Hu · K. Henderson · J. Coats . . . . . 103

#### Modelling Environmental Exposure to Transformation Products of Organic Chemicals

K. Fenner · U. Schenker · M. Scheringer . . . . . 121

#### Treatment of Transformation Products

C. D. Adams . . . . . 151

---

**Part III:  
Effects of Transformation Products****Ecotoxicity of Transformation Products**

C. J. Sinclair · A. B. A. Boxall . . . . . 177

**Predicting the Ecotoxicological Effects of Transformation Products**

B. I. Escher · R. Baumgartner · J. Lienert · K. Fenner . . . . . 205

**Subject Index** . . . . . 245

Transformation Products of Synthetic Chemicals in the  
Environment

Boxall, A. (Ed.)

2009, XIV, 249 p., Hardcover

ISBN: 978-3-540-88272-5
