

Contents

1	The CNS	1
1.1	Anencephaly (Acrania)	2
1.2	Encephalocele	3
1.3	Holoprosencephaly	5
1.4	Hydranencephaly	8
1.5	Schizencephaly	10
1.6	Septo-optic Dysplasia (de Morsier Syndrome)	12
1.7	Corpus Callosum Dysgenesis	13
1.8	Gyral Abnormalities	15
1.9	Gray Matter Heterotopias	18
1.10	Arnold-Chiari Malformations	20
1.11	Dandy-Walker Malformation	23
1.12	Cavum Septum Pellucidum and Cavum Vergae	26
1.13	Fahr Disease	28
1.14	Menkes and Wilson Diseases	30
1.15	Cerebellar Anomalies	32
2	The Head and Neck	35
2.1	Eagle Syndrome	36
2.2	Hyperostosis Frontalis Interna	37
2.3	Craniofacial Fibrous Dysplasia and Its Anomalies	38
2.4	Gardner Syndrome	41
2.5	Choanal Atresia	42
2.6	Congenital Cystic Lesions of the Head and Neck	43
2.7	External Auditory Canal Atresia	49
2.8	Congenital Anomalies of the Internal Ear (Congenital Hearing Loss)	50
2.9	Hearing Loss Syndromes	53
2.10	Petrous Bone Vascular Anomalies	56
2.11	Orbital Anomalies	59
2.12	Congenital Cholesteatoma	64
3	The Chest and Heart	67
3.1	Azygos Fissure	68
3.2	Scimitar Syndrome (Hypogenic Lung Syndrome)	69
3.3	Horseshoe Lung	71

3.4	Poland Syndrome	73
3.5	Bronchiectasis	74
3.6	Osler-Weber-Rendu Syndrome (Hereditary Hemorrhagic Telangiectasia)	76
3.7	Aortic Arch Anomalies	78
3.8	Coronary Artery Anomalies	83
3.9	Rare Congenital Heart Anomalies	88
4	The Abdomen and Pelvis	95
4.1	Heterotaxy Syndromes	96
4.2	Chilaiditi Syndrome	98
4.3	Meckel Diverticulum	99
4.4	Duodenal and Jejunoileal Atresias	101
4.5	Budd-Chiari Syndrome	102
4.6	Cruveilhier-Baumgarten Syndrome	104
4.7	Choledochal Cyst and Caroli Disease	108
4.8	Mirizzi Syndrome	110
4.9	Congenital Anomalies of the Spleen	111
4.10	Anomalies of the Inferior Vena Cava	113
4.11	Congenital Anomalies of the Kidneys	117
4.12	Congenital Uterine Malformations	121
4.13	Retrocaval Ureter	125
4.14	Hematocolpos	127
4.15	Alagille Syndrome (Arteriohepatic Dysplasia)	129
5	The Musculoskeletal System	131
5.1	Basic Concepts in Bone Dysplasias	132
5.2	Congenital Radioulnar Synostosis	139
5.3	Klippel-Feil Syndrome (Blocked Cervical Vertebrae)	140
5.4	Spinal Dysraphism	142
5.5	Vertebral Clefts	145
5.6	Arcuate Foramen (Kimmerle Anomaly)	147
5.7	Supracondylar Process of the Humerus	148
5.8	Tarsal Coalition	149
5.9	Paget Disease (Ostitis Deformans)	151
5.10	Osteopetrosis (Albers-Schönburg Disease/Marble Bone Disease)	153
5.11	Mucopolysaccharidosis	156
5.12	Ollier Disease and Maffucci Syndrome	159
5.13	Osteogenesis Imperfecta	161
5.14	Caudal Regression Syndrome and Sirenomelia (Mermaid Syndrome)	163
5.15	Ellis-van Creveld Syndrome (Chondroectodermal Dysplasia)	165
5.16	SAPHO Syndrome (Anterior Chest Wall Syndrome)	166
5.17	Fong Disease and Nail-Patella Syndrome	168
5.18	Progeria (Hutchinson-Gilford Syndrome)	169
5.19	Tarlov Cyst	171
5.20	Madelung Deformity and Dyschondrosteosis (Léri-Weill Syndrome)	173

6 Phakomatoses (Neurocutaneous Syndromes)	175
6.1 Neurofibromatosis.	176
6.2 Sturge-Weber Syndrome (Encephalotrigeminal Angiomatosis). . . .	180
6.3 Tuberous Sclerosis (Bourneville-Pringle Disease).	182
6.4 Neurocutaneous Melanosis.	185
6.5 PHACE Syndrome	187
6.6 Von Hippel-Lindau Syndrome	189
6.7 Cowden Syndrome (Multiple Hamartoma-Neoplasia Syndrome)	191
6.8 Gorlin Syndrome (Basal Nevus Cell Carcinoma Syndrome).	193
6.9 Wyburn-Mason Syndrome	194
Index	197

Congenital Diseases and Syndromes

An Illustrated Radiological Guide

Al-Tubaikh, J.A.; Reiser, M.F.

2009, XVII, 201 p.,

ISBN: 978-3-642-00160-4
