Introduction	1
1 Reflexivity and Self-Reference	5
1.1 Definition	6
1.2 Reference Relations	8
1.2.1 Reflection	10
1.2.2 Universality	10
1.2.3 Ungroundedness	11
1.3 Varieties of Self-Reference	11
1.4 Taxonomies of Self-References	15
1.5 Self-Reference in Natural Language	16
1.6 Self-Reference in Formal Language	20
1.7 Logical Consistency of Self-Reference	21
1.7.1 Self-Reference and Paradoxes	22
1.7.2 Harmless and Harmful Self-Reference	24
1.8 Reflexivity in Human Understanding	25
1.9 Self-Reference in Social and Individual Decision-Making	26
2 Reflexivity of Social Reality	31
2.1 What is Social Reality?	32
2.2 Recursivity of the Social Reality	33
2.2.1 Reflexivity in Anthropology	34
2.2.2 Reflexivity in Linguistics	36
2.2.3 Reflexivity in Law	39
2.2.4 Reflexivity in Politics	40
2.2.5 Reflexivity in Sociology	41
2.2.6 Reflexivity in Psychology	42
2.2.7 Reflexivity of Economic Reality	44

3	Reflexivity and Predictability of the Social Sciences	53
3.1	Constructs and Reality	54
3.1.1	Observer, Observation and the Construct of the Self	57
3.1.2	A Constructivist Approach to the Cognitive Processes	59
3.1.3	Scientific Research and Reflexivity	62
3.1.4	Science as Language Game	65
3.1.5	Constructivism and Economics	66
3.2	Recursivity of Social Theorizing and Predictability of Social Reality	67
3.2.1	Social Predictions	68
3.2.2	Explaining and Predicting the Social Reality	69
3.2.3	Reflexive Predictions	72
4	On the Rationality of the Economic Actors	77
4.1	Questioning the Descriptive Validity of Rational Choice Theory	78
4.1.1	The Neoclassical Defence	79
4.1.2	Allais' Experiments	80
4.1.3	Simon's Bounded Rationality Approach	81
4.2	The Bounded Rational Revolution	82
4.2.1	Adaptive and Satisficing Behaviour	84
4.2.2	Principles of Problem-Solving	87
4.2.3	Problem-Solving in Games and Puzzles	89
4.3	Decomposing Rationality	91
4.3.1	Intuition and Reasoning	91
4.3.2	Accessibility	93
4.3.3	Framing Effects	96
4.3.4	Prospect Theory	97
5	Heuristics, Biases and Methods for Debiasing	101
5.1	Bounded Rational Heuristics	102
5.1.1	Building Blocks of Bounded Rational Heuristics	103
5.1.2	Main Features of Bounded Rational Heuristics	104
5.2	Heuristics and Biases	107
5.2.1	Representativeness Heuristic	107
5.2.2	Availability Heuristic	108
5.2.3	Adjustment and Anchoring	108
5.3	Debiasing	109
5.3.1	Debiasing the Representativeness Heuristics	112
5.3.2	Debiasing the Availability Heuristic	114
5.3.3	Debiasing Adjustment and Anchoring	114
5.4	Concluding Remarks on Debiasing and Some Implications for Theory Absorption	115

6	Self-Referentiality of Economic Theories and Theory Absorption . . .	119
6.1	Economic Methodology	120
6.2	Self-Referentiality of Economic Theory and Theory Absorption . .	123
6.2.1	Self-Referential Theories	124
6.2.2	Introducing the Notion of Theory Absorption	125
6.2.3	Determinants of Theory Absorption	127
6.2.4	Some Theoretical Implications of Theory Absorption	128
6.3	Theory Absorption among Bounded Rational Decision-Makers . . .	132
6.3.1	Individual Absorbability of Theories	133
6.3.2	Full Absorbability of Theories	135
6.3.3	Partial Absorbability of Theories	138
6.4	Applications of Theory Absorption to Economic Policy Advising	140
7	On the Absorbability of Economic Theories – An Experimental Analysis	145
7.1	The Experimental Method in Economics	146
7.2	A Possible Experimental Approach for Testing the Self-Referentiality and Absorbability of Economic Theories	147
7.3	Related Experimental Studies	150
7.4	Some Preparatory Attempts	152
7.4.1	An Experimental Attempt of Debiasing the Conjunction-Effect Bias through Meta-Information	152
7.4.2	A Classroom Experiment on Theory Absorption in Multilateral Integrative Negotiations	153
7.4.3	An Experimental Guessing-Game in the Classroom with Information Feed-Back and Meta-Instructions	154
7.5	On the Absorbability of Guessing Game Theory	155
7.5.1	On the Guessing Game	157
7.5.2	Iterated Elimination of Dominated Strategies in Guessing Games	159
7.5.3	The Experimental Design	160
7.5.4	Experimental Results	162
7.5.5	Conclusions	169
7.6	An Experimental Study on the Absorbability of Herd Behaviour and Informational Cascades Theories	171
7.6.1	Herding and Informational Cascades	171
7.6.2	A Simple Model of Informational Cascades: A Dichotomy Choice Model	173
7.6.3	Experimental Design	176
7.6.4	Results	177
7.6.5	Conclusions	181
7.7	Concluding Remarks on the Experimental Examination	182

Conclusion	183
Appendix	187
1 Instructions to the Experiment on the Absorbability of Guessing Game Theory	187
1.1 Example	187
1.2 Additional Tips	188
2 Instructions to the Experiment on the Absorbability of Informational Cascades' Theory	190
2.1 Additional Tips	191
Literature	195

Reflexivity in Economics

An Experimental Examination on the Self-Referentiality
of Economic Theories

Sandri, S.

2009, XII, 206 p. 30 illus., Hardcover

ISBN: 978-3-7908-2091-1

A product of Physica-Verlag Heidelberg
