

# Contents

## Section I Heart Failure and Thyroid: General Aspects

- 1 **Heart Failure: From Epidemiology to Pathophysiology** ..... 3  
Antonio L'Abbate
- 2 **Neuroendocrine Control of the Cardiovascular System in Heart Failure** ..... 13  
Claudio Ceconi and Roberto Ferrari
- 3 **Cardiac Morphology and Function in Mild Hypothyroidism** ..... 21  
Bernadette Biondi
- 4 **Cardiovascular Hemodynamics and Work Capacity in Thyroid Dysfunction** ..... 31  
George J. Kahaly

## Section II Basic Aspects of Thyroid Hormone and Cardiovascular System Interrelationships in Normal and in Failing Heart

- 5 **Mechanism of Action of Thyroid Hormone on the Cardiac Vascular System** ..... 45  
Wolfgang H. Dillmann
- 6 **Cardiac Functional Effects of 3-Iodothyronamine, a New Endogenous Thyroid Hormone Derivative** ..... 55  
Riccardo Zucchi, Sandra Ghelardoni and Grazia Chiellini
- 7 **Cardiac Thyroid-Hormone Deiodinative Pathways in Ventricular Hypertrophy and Heart Failure** ..... 67  
Warner S. Simonides

<b>8</b>	<b>Thyroid Hormone Receptor Signaling in Normal and Failing Heart</b> .....	79
	Koichiro Kinugawa, Mark Y. Jeong, Michael R. Bristow and Carlin S. Long	
<b>9</b>	<b>Pharmacological Effects of Amiodarone and Dronedarone on Cardiac Thyroid Hormone Receptors</b> .....	89
	Wilmar M. Wiersinga	
<b>10</b>	<b>Changes in Thyroid Hormone Metabolism and Gene Expression in the Failing Heart: Therapeutic Implications</b> .....	97
	Sara Danzi and Irwin Klein	
<b>11</b>	<b>Thyroid-Hormone-Regulated Cardiac Metabolism in Normal and Failing Heart</b> .....	109
	Michael A. Portman	
<b>12</b>	<b>Cardiac Myocyte and Vascular Remodeling in Altered Thyroid Conditions</b> .....	119
	Yuefeng Chen and A. Martin Gerdes	
<b>13</b>	<b>Thyroid Hormone and Ischemic Myocardium</b> .....	131
	Constantinos Pantos, Iordanis Mourouzis and Dennis V. Cokkinos	

### **Section III Clinical Aspects**

<b>14</b>	<b>Thyroid and Cardiovascular Risk</b> .....	151
	Avantika C. Waring and Anne R. Cappola	
<b>15</b>	<b>Relationship Between Subclinical Thyroid Dysfunction and Heart Failure and Mortality</b> .....	167
	Reto Auer and Nicolas Rodondi	
<b>16</b>	<b>Low Triiodothyronine Syndrome as a Powerful Predictor of Death in Heart Failure</b> .....	179
	Giorgio Iervasi, Laura Sabatino and Giuseppina Nicolini	
<b>17</b>	<b>Thyroid, Renal Function, and Cardiac Outcome</b> .....	191
	Carmine Zoccali and Francesca Mallamaci	
<b>18</b>	<b>Low Triiodothyronine Syndrome and Depression in Patients with Chronic Heart Failure</b> .....	203
	Robertas Bunevičius	

## Section IV Treatment: Present and Future Options

<b>19</b>	<b>Treatment Options for Primary Thyroid Disease in Patients with Heart Failure</b> .....	215
	Anthony Toft and Kate Gaskell	
<b>20</b>	<b>Synthetic Thyroid Hormone and Thyroid Hormone Analogues for Treatment of Heart Failure</b> .....	225
	Alessandro Pingitore, Vincenzo Lionetti and Francesca Fiorini	
<b>21</b>	<b>Thyroid Hormone Supplementation for Infants and Children Undergoing Cardiopulmonary Bypass for Cardiac Surgery</b> .....	243
	Aaron K. Olson and Michael A. Portman	
<b>22</b>	<b>New Approaches for Treating Heart Disease by Modulating Thyroid Hormone Signaling Using Gene Therapy Approaches</b> .....	249
	Mark Davis, Maria Giovanna Trivieri and Peter H. Backx	
	<b>Subject Index</b> .....	261

Thyroid and Heart Failure  
From Pathophysiology to Clinics  
Iervasi, G.; Pingitore, A. (Eds.)  
2009, XXI, 266 p., Hardcover  
ISBN: 978-88-470-1142-7
