Novel Aspects on the Preparation of Spirocyclic and Fused Unusual β-Lactams	1
Benito Alcaide and Pedro Almendros	
Spirocyclic β-Lactams: Synthesis and Biological Evaluation of Novel Heterocycles	49
Shamsher S. Bari and Aman Bhalla	
Novel and Recent Synthesis and Applications of β-Lactams	101
Luigino Troisi, Catia Granito, and Emanuela Pindinelli	
β-Lactam Ring Opening: A Useful Entry to Amino Acids and Relevant Nitrogen-Containing Compounds	211
C. Palomo and M. Oiarbide	
Recent Approaches Toward Solid Phase Synthesis of β-Lactams	261
Bablee Mandal, Pranab Ghosh, and Basudeb Basu	
Computational Studies on the Synthesis of β-Lactams via [2+2] Thermal Cycloadditions	313
Ana Arrieta, Begoña Lecea, and Fernando P. Cossío	
Novel Anticancer β-Lactams	349
Bimal K. Banik, Indrani Banik, and Frederick F. Becker
