

Contents

1	Introduction	1
1.1	Motivation	1
1.1.1	Academia	2
1.1.2	Industry	3
1.2	What's the Problem with Music Recommendation?	4
1.2.1	Music \neq Movies and Books	5
1.2.2	Predictive Accuracy vs. Perceived Quality	5
1.3	Our Proposal	6
1.3.1	Novelty and Relevance	6
1.3.2	Key Elements	7
1.4	Summary of Contributions	8
1.5	Book Outline	10
	References	11
2	The Recommendation Problem	15
2.1	Formalisation of the Recommendation Problem	15
2.2	Use Cases	16
2.3	General Model	17
2.4	User Profile Representation	17
2.4.1	Initial Generation	18
2.4.2	Maintenance	21
2.4.3	Adaptation	22
2.5	Recommendation Methods	22
2.5.1	Demographic Filtering	22
2.5.2	Collaborative Filtering	23
2.5.3	Content-Based Filtering	28
2.5.4	Context-Based Filtering	30
2.5.5	Hybrid Methods	34
2.6	Factors Affecting the Recommendation Problem	35
2.6.1	Novelty and Serendipity	35
2.6.2	Explainability	36

2.6.3	Cold Start Problem	36
2.6.4	Data Sparsity and High Dimensionality	36
2.6.5	Coverage	37
2.6.6	Trust	37
2.6.7	Attacks	37
2.6.8	Temporal Effects	37
2.6.9	Understanding the Users	38
2.7	Summary	38
	References	39
3	Music Recommendation	43
3.1	Use Cases	43
3.1.1	Artist Recommendation	44
3.1.2	Playlist Generation	44
3.1.3	Neighbour Recommendation	45
3.2	User Profile Representation	45
3.2.1	Type of Listeners	46
3.2.2	Related Work	47
3.2.3	User Profile Representation Proposals	48
3.3	Item Profile Representation	52
3.3.1	The Music Information Plane	53
3.3.2	Editorial Metadata	55
3.3.3	Cultural Metadata	56
3.3.4	Acoustic Metadata	63
3.4	Recommendation Methods	69
3.4.1	Collaborative Filtering	70
3.4.2	Context-Based Filtering	73
3.4.3	Content-Based Filtering	75
3.4.4	Hybrid Methods	78
3.5	Summary	80
3.5.1	Links with the Following Chapters	81
	References	81
4	The Long Tail in Recommender Systems	87
4.1	Introduction	87
4.1.1	Pre- and post-filters	88
4.2	The Music Long Tail	88
4.2.1	The Long Tail of Sales Versus the Long Tail of Plays	88
4.2.2	Collecting Playcounts for the Music Long Tail	90
4.2.3	An Example	92
4.3	Definitions	93
4.3.1	Qualitative, Informal Definition	94
4.3.2	Quantitative, Formal Definition	95
4.3.3	Qualitative Versus Quantitative Definition	96
4.4	Characterising a Long Tail Distribution	97

4.4.1	Not All Long Tails Are Power-Law	98
4.4.2	A Model Selection: Power-Law or Not Power-Law?	99
4.5	The Dynamics of the Long Tail	100
4.5.1	Strike a Chord?	100
4.6	Novelty, Familiarity and Relevance	101
4.6.1	Recommending the Unknown	102
4.6.2	Related Work	104
4.7	Summary	105
4.7.1	Links with the Following Chapters	105
	References	107
5	Evaluation Metrics	109
5.1	Evaluation Strategies	109
5.2	System-Centric Evaluation	110
5.2.1	Predictive-Based Metrics	110
5.2.2	Decision-Based Metrics	111
5.2.3	Rank-Based Metrics	113
5.2.4	Limitations	115
5.3	Network-Centric Evaluation	116
5.3.1	Complex Network Analysis	116
5.3.2	Navigation	117
5.3.3	Connectivity	118
5.3.4	Clustering	120
5.3.5	Centrality	121
5.3.6	Limitations	122
5.3.7	Related Work in Music Information Retrieval	123
5.4	User-Centric Evaluation	123
5.4.1	Gathering Feedback	124
5.4.2	Limitations	125
5.5	Summary	126
5.5.1	Links with the Following Chapters	127
	References	127
6	Network-Centric Evaluation	129
6.1	Network Analysis and the Long Tail Model	129
6.2	Artist Network Analysis	131
6.2.1	Datasets	131
6.2.2	Network Analysis	132
6.2.3	Popularity Analysis	139
6.2.4	Discussion	145
6.3	User Network Analysis	146
6.3.1	Datasets	146
6.3.2	Network Analysis	148
6.3.3	Popularity Analysis	151
6.3.4	Discussion	154

6.4	Summary	155
6.4.1	Links with the Following Chapters	156
	References	156
7	User-Centric Evaluation	157
7.1	Music Recommendation Survey	157
7.1.1	Procedure	157
7.1.2	Datasets	158
7.1.3	Participants	159
7.2	Results	160
7.2.1	Demographic Data	160
7.2.2	Quality of the Recommendations	161
7.3	Discussion	165
7.4	Limitations	166
8	Applications	169
8.1	Searchsounds: Music Discovery in the Long Tail	169
8.1.1	Motivation	169
8.1.2	Goals	171
8.1.3	System Overview	172
8.1.4	Summary	175
8.2	FOAFing the Music: Music Recommendation in the Long Tail	175
8.2.1	Motivation	175
8.2.2	Goals	176
8.2.3	System Overview	177
8.2.4	Summary	182
	References	184
9	Conclusions and Further Research	185
9.1	Book Summary	186
9.1.1	Scientific Contributions	186
9.1.2	Industrial Contributions	188
9.2	Limitations and Further Research	189
9.2.1	Dynamic Versus Static Data	189
9.2.2	Domain Specific	189
9.2.3	User Evaluation	190
9.2.4	User Understanding	190
9.2.5	Recommendations with No Explanation	190
9.3	Outlook	191
	References	191
	Index	193
