

Contents

Preface	vii
----------------------	------------

Michael G. H. Bell, Solmaz Haji Hosseinloo and Urszula Kanturska

Part I. Transportation Security and Vulnerability

Terrorism and the Threat to Multimodal Transport – An Overview	3
--	---

Dimitrios Tsamboulas

Risk Averse Routing of Hazardous Materials with Scheduled Delays.....	23
---	----

*Chiara Bersani, Riccardo Minciardi, Angela Maria Tomasoni
and Roberto Sacile*

Transposition of the Defence in Depth Concept to Hazmat Transport to Mitigate Territorial Vulnerability	37
--	----

Emmanuel Garbolino

On Decision Principles for Routing Strategies Under Various Types of Risks.....	57
---	----

Jan-Dirk Schmöcker

Part II. Hazmat Transportation

Urban Hazmats Line-Haul, Distribution and Modal Change: Case Studies from Mexico	75
---	----

Angélica Lozano, Ángeles Muñoz, Luis Macias and Juan Pablo Antun

Routing of Hazardous Material Shipments Under the Threat of Terrorist Attack	89
---	----

Yashoda Dadkar, Linda Nozick and Dean Jones

Transport of Radioactive Material and Waste: The Challenges	111
---	-----

Luan Qafmolla

A Tele-Geomatics Based System and Mobile Object Model for Hazmat Monitoring	119
--	-----

Azedine Boulmakoul, Adil El Bouziri, Mohamed Chala and Robert Laurini

Terrorists and Hazmat: A Methodology to Identify Potential Routes	149
---	-----

Rodrigo A. Garrido

Part III. Risk in Multi-Modal Transport

Bayesian Analysis for Transportation Risk.....	169
--	-----

Pamela Murray-Tuite

Risk-Based Cost Assessment of Maritime and Port Security	183
<i>Khalid Bichou</i>	

Conceptualization of a Game Theoretic Approach to Air Marshal Scheduling	213
<i>Xiaofeng Nie, Rajan Batta and Li Lin</i>	

Part IV. Environmental Sustainability of Transport

A Simulation Model and a Vulnerability Assessment of the Worldwide Energy Supply	227
<i>Konstantinos Zavitsas and Michael G. H. Bell</i>	

Impact of Climate Change on Transportation: As Security Issue	247
<i>Mu'taz M. Al-Alawi</i>	

Security and Environmental Sustainability of Multimodal
Transport

Bell, M.; Hosseinloo, S.H.; Kanturska, U. (Eds.)

2010, XI, 260 p., Hardcover
