

Contents

Part I	History of Adrenocortical Carcinoma Research and Clinical Care	
1	The History of Adrenocortical Carcinoma Treatment – A Medical Perspective	3
	David E. Schteingart	
2	The History of Adrenocortical Carcinoma Treatment – A Surgical Perspective	9
	Norman W. Thompson	
Part II	Epidemiology, Presentation and Diagnosis	
3	Epidemiology of Adrenocortical Carcinoma	23
	Martin Fassnacht and Bruno Allolio	
4	Clinical Presentation and Initial Diagnosis	31
	Bruno Allolio and Martin Fassnacht	
5	Diagnostic Approach to Incidentaloma	49
	Holger S. Willenberg and Stefan R. Bornstein	
Part III	Imaging	
6	Computed Tomography/Magnetic Resonance Imaging of Adrenocortical Carcinoma	67
	Melvyn Korobkin, Anca M. Avram, and Hero K. Hussain	
7	Functional Imaging of Adrenocortical Carcinoma	85
	Anca M. Avram and Stephanie Hahner	
Part IV	Pathology	
8	Classical Histopathology and Immunohistochemistry	107
	Wolfgang Saeger	

9 Cellular and Molecular Pathology of Adrenocortical Carcinoma	127
Tobias Else	
Part V Genetic and Molecular Aspects	
10 Overview of Genetic Syndromes Associated with Adrenocortical Cancer	153
Tobias Else	
11 Li–Fraumeni Syndrome	173
David Malkin	
12 TP53 Molecular Genetics	193
Gerard P. Zambetti and Raul C. Ribeiro	
13 Telomeres and Telomerase in Adrenocortical Carcinoma	207
Tobias Else and Peter J. Hornsby	
14 Beckwith–Wiedemann Syndrome	227
Michael DeBaun and Jennifer Horst	
15 The Insulin-Like Growth Factor System in Adrenocortical Growth Control and Carcinogenesis	235
Christian Fottner, Ina M. Niederle, and Matthias M. Weber	
16 WNT/β-Catenin Signaling in Adrenocortical Carcinoma	263
Sébastien Gaujoux, Frédérique Tissier, and Jérôme Bertherat	
Part VI Models of Adrenocortical Cancer	
17 Adrenocortical Stem and Progenitor Cells: Implications for Cancer	285
Joanne H. Heaton and Gary D. Hammer	
18 Adrenocortical Cell Lines	305
Jeniel Parmar, Anita Kulharya, and William Rainey	
19 Mouse Models of Adrenal Tumorigenesis	325
Felix Beuschlein	
Part VII Therapies	
20 Overview of Treatment Options for Adrenocortical Carcinoma	343
Gary D. Hammer	
21 Chemotherapy	351
Alfredo Berruti, Paola Sperone, Paola Perotti, Anna Ferrero, Luigi Dogliotti, and Massimo Terzolo	
22 Mitotane	369
Massimo Terzolo, Arianna Ardito, Barbara Zaggia, Silvia De Francia, and Fulvia Daffara	

23	Pharmacotherapy for Hormone Excess in Adrenocortical Carcinoma	383
	Richard J. Auchus	
24	Surgery for Adrenocortical Carcinoma	403
	James T. Broome, Barbra S. Miller, Paul G. Gauger, and Gerard M. Doherty	
25	Radiation Therapy for Adrenocortical Carcinoma	427
	Aaron Sabolch and Edgar Ben-Josef	
26	Follow-Up and Monitoring of Adrenocortical Carcinoma	443
	Britt Skogseid and Gerard M. Doherty	
Part VIII Unique Cohorts and Future Perspectives		
27	Aldosterone-Producing Adrenocortical Carcinoma	457
	Anna Patalano, Maria V. Cicala, and Franco Mantero	
28	Adrenocortical Cancer in Children	467
	Carlos Rodriguez-Galindo, Gerard P. Zambetti, and Raul C. Ribeiro	
29	Genome-Wide Studies in Adrenocortical Neoplasia	483
	Thomas J. Giordano	
30	New Strategies for the Treatment of Adrenocortical Carcinoma	493
	Lawrence S. Kirschner	
Part IX Adrenal Cancer Networks and Registries		
31	The Dutch Adrenal Network	517
	Ilse G.C. Hermesen, Yvonne E. Groenen, and Harm R. Haak	
32	The ENS@T Initiative	521
	Xavier Bertagna	
Index		533
