

Contents

Part I Dynamics, Genes & Genomes

1 Mitochondrial Genome Evolution in the Plant Lineage.....	3
Volker Knoop, Ute Volkmar, Julia Hecht, and Felix Grewe	
2 Mitochondrial Dynamics.....	31
Iain Scott and David C. Logan	
3 Plant Mitochondrial Genomes and Recombination.....	65
Maria P. Arrieta-Montiel and Sally A. Mackenzie	

Part II Transcription & RNA Processing

4 Transcription in Plant Mitochondria.....	85
Karsten Liere and Thomas Börner	
5 RNA Processing and RNA Stability in Plant Mitochondria.....	107
Stefan Binder, Angela Hölzle, and Christian Jonietz	
6 RNA Splicing in Plant Mitochondria.....	131
Linda Bonen	
7 RNA Editing in Higher Plant Mitochondria.....	157
Anika Bruhs and Frank Kempken	
8 RNA-Binding Proteins Required for Chloroplast RNA Processing.....	177
Reimo Zoschke, Christiane Kupsch, and Christian Schmitz-Linneweber	

Part III Translation & Import

9 The Plant Mitochondrial Proteome Composition and Stress Response: Conservation and Divergence Between Monocots and Dicots	207
Shaobai Huang, A. Harvey Millar, and Nicolas L. Taylor	
10 Import of RNAs into Plant Mitochondria.....	241
Anne-Marie Duchêne, Samira El Farouk-Ameqrane, François Sieber, and Laurence Maréchal-Drouard	
11 Protein Import into Plant Mitochondria	261
Elzbieta Glaser and James Whelan	
12 Mitochondrial Protein Import in Fungi and Animals	289
D. Becker, U.K. Seibold, and W. Voos	

Part IV Biochemistry, Regulation & Function

13 Biogenesis and Supramolecular Organization of the Oxidative Phosphorylation System in Plants.....	327
Elina Welchen, Jennifer Klodmann, and Hans-Peter Braun	
14 Mitochondrial Electron Transport and Plant Stress	357
Allan G. Rasmusson and Ian M. Møller	
15 Interaction Between Chloroplasts and Mitochondria: Activity, Function, and Regulation of the Mitochondrial Respiratory System during Photosynthesis	383
Keisuke Yoshida and Ko Noguchi	
16 Plant Mitochondrial Retrograde Regulation.....	411
David M. Rhoads	
17 Mitochondrial Regulation of Plant Programmed Cell Death	439
Mark Diamond and Paul F. McCabe	

Part V Mitochondrial Dysfunction & Repair

18 Cytoplasmic Male-Sterility and Nuclear Encoded Fertility Restoration.....	469
Jenny Carlsson and Kristina Glimelius	

Contents	xiii
19 Human Mitochondrial Mutations and Repair	493
Nadiya M. Druzhyna, Glenn L. Wilson, and Susan P. LeDoux	
Index	523
