Contents

Part I Background: Biology, Physiology, and Pharmacology

1 Introduction to the Hematopoietic Growth Factors 3
Gary H. Lyman and David C. Dale

2 Early-Acting Hematopoietic Growth Factors: Biology and Clinical Experience 11
Stephen J. Szilvassy

3 Granulocyte Colony-Stimulating Factors 33
Graham Molineux

4 Erythropoiesis-Stimulating Agents 55
Steve Elliott

5 Thrombopoietin Factors 75
Ping Wei

Part II The Colony-Stimulating Factors

6 Cyclic and Chronic Neutropenia 97
David C. Dale and Karl Welte

7 The Myeloid Growth Factors 109
Gary H. Lyman

8 Meta-Analysis of Randomized Controlled Trials of Granulocyte Colony-Stimulating Factor Prophylaxis in Adult Cancer Patients Receiving Chemotherapy 127
Nicole M. Kuderer

9 Summary and Comparison of Myeloid Growth Factor Guidelines in Patients Receiving Cancer Chemotherapy 145
Gary H. Lyman and Jessica Malone Kleiner

10 Granulocyte Colony-Stimulating Factors and Risk of Acute Myeloid Leukemia and Myelodysplastic Syndrome 167
Gary H. Lyman and Nicole M. Kuderer

Part III The Erythroid-Stimulating Agents

11 Do Erythropoietic-Stimulating Agents Relieve Fatigue? A Review of Reviews 181
David T. Eton and David Cella

12 Randomized Controlled Trials of the Erythroid-Stimulating Agents in Cancer Patients 195
John A. Glaspy

13 Ten Years of Meta-analyses on Erythropoiesis-Stimulating Agents in Cancer Patients 217
Thomy Tonia and Julia Bohlius

14 Clinical Practice Guidelines for the Use of Erythroid-Stimulating Agents: ASCO, EORTC, NCCN 239
Alan E. Lichtin

Part IV The Thrombopoietic Agents

15 Thrombocytopenia and Platelet Transfusions in Patients with Cancer 251
Jason Valent and Charles A. Schiffer

16 Romiplostim 267
David J. Kuter

17 Eltrombopag 289
James B. Bussel and Mariana P. Pinheiro

Part V Special Considerations

18 The Hematopoietic Growth Factors in Acute Leukemia: US Perspective 307
Olga Frankfurt and Martin S. Tallman

19 The Hematopoietic Growth Factors in Acute Leukemia: A European Perspective 339
Michael Heuser, Arnold Ganser, and Dieter Hoelzer

20 The Hematopoietic Growth Factors in the Myelodysplastic Syndromes 363
Jose Ortega, Rami Komrokji, and Alan F. List

21 Hematopoietic Growth Factors in Older Cancer Patients 383
Michelle Shayne and Lodovico Balducci

22 The Economics of the Hematopoietic Growth Factors 403
Adi Eldar-Lissai and Gary H. Lyman
