

Contents

Part I Molecular Basis of the DNA Damage Responses

1 H2AX in DNA Damage Response.....	3
Christophe E. Redon, Jennifer S. Dickey, Asako J. Nakamura, Olga A. Martin, and William M. Bonner	
2 DNA Damage Signaling Downstream of ATM.....	35
Fred Bunz	
3 Checkpoint Control Following Radiation Exposure.....	53
Markus Lobrich, Aaron A. Goodarzi, Tom Stiff, and Penny A. Jeggo	
4 Chromatin Responses to DNA Damage	79
Karina Falbo and Xuotong Shen	
5 <i>Caenorhabditis elegans</i> Radiation Responses	101
Aymeric Bailly and Anton Gartner	

Part II Modulation of Radiation Responses: Opportunities for Therapeutic Exploitation

6 Hypoxia and Modulation of Cellular Radiation Response	127
Ester M. Hammond, Monica Olcina, and Amato J. Giaccia	
7 Inhibitors of DNA Repair and Response to Ionising Radiation.....	143
Barbara Vischioni, Nils H. Nicolay, Ricky A. Sharma, and Thomas Helleday	
8 Gene Therapy and Radiation.....	173
Svend O. Freytag, Kenneth N. Barton, Farzan Siddiqui, Mohamed Elshaikh, Hans Stricker, and Benjamin Movsas	

9	Molecular Targeted Drug Delivery Radiotherapy	187
	Eugenia M. Yazlovitskaya and Dennis E. Hallahan	
10	EGFR Signaling and Radiation	201
	Emily F. Dunn, Shyhmin Huang, and Paul M. Harari	
11	Thermal Modulation of Radiation-Induced DNA Damage Responses	227
	Joseph L. Roti Roti, Robert P. VanderWaal, and Andrei Laszlo	
12	Radiation-Induced Immune Modulation	251
	Charles G. Drake	
	Index	265

Molecular Determinants of Radiation Response

DeWeese, T.L.; Laiho, M. (Eds.)

2011, XVI, 276 p., Hardcover

ISBN: 978-1-4419-8043-4
