

# Contents

<b>1</b>	<b>Integral Formulae</b>	1
1.1	Introduction	1
1.2	Preliminaries	4
1.2.1	Hypersurfaces of Riemannian Manifolds	4
1.2.2	Invariants of the Weingarten Operator	5
1.2.3	Leaf-Wise Divergence of Operators $A^k$ and $T_r(A)$	8
1.2.4	Leaf-Wise Divergence of Vector Fields $h(A)Z$ and $T_r(A)Z$	11
1.3	Integral Formulae for Codimension-One Foliations	14
1.3.1	New Integral Formulae	14
1.3.2	Some Consequences of Integral Formulae	15
1.3.3	Foliations Whose Leaves Have Constant $\sigma_2$	17
<b>2</b>	<b>Variational Formulae</b>	19
2.1	Introduction	19
2.2	Auxiliary Results	20
2.2.1	Biregular Foliated Coordinates	20
2.2.2	Foliations with a Time-Dependent Metric	24
2.2.3	A Differential Operator	26
2.3	Variational Formulae for Codimension-One Foliations	31
2.3.1	Variations of Extrinsic Geometric Quantities	31
2.3.2	Variations of General Functionals	35
2.3.3	Variations of Particular Functionals	43
2.4	Applications and Examples	47
2.4.1	Variational Formulae for Umbilical Foliations	47
2.4.2	The Energy and Bending of the Unit Normal Vector Field	49
<b>3</b>	<b>Extrinsic Geometric Flows</b>	53
3.1	Introduction	53
3.2	The Systems of PDEs Related to EGFs	55

3.3	Auxiliary Results .....	58
3.3.1	Diffeomorphism Invariance of EGFs .....	58
3.3.2	Quasi-Linear PDEs .....	59
3.3.3	Generalized Companion Matrices .....	60
3.4	Existence and Uniqueness Results (Main Theorems) .....	67
3.5	The General Case .....	69
3.5.1	Searching for Power Sums .....	70
3.5.2	Local Existence of Metrics (Proofs of the Main Theorems) .....	72
3.5.3	Proofs of the Corollaries .....	75
3.6	Global Existence of EGFs (Time Estimation) .....	77
3.7	Variational Formulae for EGFs .....	80
3.7.1	The Normalized EGFs .....	81
3.7.2	First Derivatives of Functionals .....	83
3.8	Extrinsic Geometric Solitons .....	85
3.8.1	Introducing EGS .....	86
3.8.2	Canonical Form of EGS .....	90
3.8.3	Umbilical EGS .....	91
3.9	Applications and Examples .....	96
3.9.1	Extrinsic Ricci Flow .....	96
3.9.2	Extrinsic Ricci Solitons .....	99
3.9.3	EGS on Foliated Surfaces .....	100
3.9.4	EGS on Hypersurfaces of Revolution .....	106
	<b>References</b> .....	109
	<b>Index</b> .....	113

Topics in Extrinsic Geometry of Codimension-One  
Foliations

Rovenski, V.; Walczak, P.

2011, XV, 114 p. 6 illus., Softcover

ISBN: 978-1-4419-9907-8
