

# Contents

|   |            |
|---|------------|
| <b>1 Definition and Criteria for the Diagnoses of Anaphylaxis .....</b>                         | <b>1</b>   |
| Phil Lieberman  |            |
| <b>2 An Epidemiological Approach to Reducing the Risk of Fatal Anaphylaxis.....</b>             | <b>13</b>  |
| Richard S.H Pumphrey  |            |
| <b>3 Pathophysiology and Organ Damage in Anaphylaxis .....</b>                                  | <b>33</b>  |
| Stephen F. Kemp and Richard F. Lockey   |            |
| <b>4 Mast Cells: Effector Cells of Anaphylaxis.....</b>   | <b>47</b>  |
| Mindy Tsai and Stephen J. Galli   |            |
| <b>5 Basophils in Anaphylaxis .....</b>   | <b>69</b>  |
| David E. Sloane and Donald MacGlashan   |            |
| <b>6 Protease Mediators of Anaphylaxis.....</b>   | <b>89</b>  |
| George H. Caughey   |            |
| <b>7 Aspirin and NSAID Reactions: Diagnosis, Pathophysiology, and Management .....</b>          | <b>107</b> |
| Andrew A. White, Tanya M. Laidlaw, and Katharine Woessner                                       |            |
| <b>8 IgE-Dependent and Independent Effector Mechanisms in Human and Murine Anaphylaxis.....</b> | <b>127</b> |
| Fred D. Finkelman   |            |
| <b>9 Food-Induced Anaphylaxis .....</b>   | <b>145</b> |
| Kirsi M. Järvinen-Seppo and Anna Nowak-Węgrzyn  |            |
| <b>10 Antibiotic-Induced Anaphylaxis.....</b>   | <b>171</b> |
| Pascal Demoly, Philippe Jean Bousquet, and Antonino Romano                                      |            |
| <b>11 Anaphylaxis During Radiological Procedures and in the Peri-operative Setting.....</b>     | <b>183</b> |
| Pascale Dewachter and David L. Hepner   |            |
| <b>12 Hymenoptera-Induced Hypersensitivity Reactions and Anaphylaxis .....</b>                  | <b>209</b> |
| Mitja Kosnik and Peter Korosec  |            |

|   |            |
|---|------------|
| <b>13 Idiopathic Anaphylaxis.....</b>   | <b>223</b> |
| Karen Hsu Blatman and Leslie C. Grammer   |            |
| <b>14 Exercise-Induced Anaphylaxis and Food-Dependent<br/>Exercise-Induced Anaphylaxis .....</b>  | <b>235</b> |
| Anna M. Feldweg and Albert L. Sheffer   |            |
| <b>15 Mastocytosis and Mast Cell Activation Syndromes<br/>Presenting as Anaphylaxis .....</b>   | <b>245</b> |
| Cem Akin and Dean D. Metcalfe   |            |
| <b>16 Anaphylaxis in Mastocytosis .....</b>   | <b>257</b> |
| Luis Escribano and Alberto Orfao  |            |
| <b>17 Flushing and Urticarial Syndromes Presenting as Anaphylaxis .....</b>   | <b>271</b> |
| Joseph H. Butterfield   |            |
| <b>18 Pharmacologic Management of Acute Anaphylaxis.....</b>  | <b>285</b> |
| David I. Bernstein  |            |
| <b>19 Drug Desensitizations in the Management of Allergy and Anaphylaxis<br/>to Chemotherapeutic Agents and Monoclonal Antibodies .....</b> | <b>297</b> |
| Aleena Banerji, Patrick Brennan, Paul Hesterberg, Eyal Oren, and F. Ida Hsu   |            |
| <b>20 Rapid Desensitizations for Antibiotic-Induced Hypersensitivity<br/>Reactions and Anaphylaxis .....</b>                                | <b>313</b> |
| Tito Rodriguez Bouza, Ross I. Palis, Henry J. Legere III, and Mariana C. Castells   |            |
| <b>21 Induction of Tolerance for Food-Induced Anaphylaxis .....</b>   | <b>333</b> |
| A. Wesley Burks and Pooja Varshney  |            |
| <b>22 Management of Anaphylaxis: Relevance of Causes<br/>and Future Trends in Treatment .....</b>   | <b>345</b> |
| Scott P. Commins and Thomas A.E. Platts-Mills   |            |
| <b>Index.....</b>   | <b>355</b> |
