Part I The Organ

Cells in the Liver—Functions in Health and Disease	3
<i>Fabio Marra and Maurizio Parola</i>	
Liver Physiology	33
<i>Alexander Sendensky and Jean-François Dufour</i>	
Assessment of Liver Function in Clinical Practice	47
<i>Hamed Khalili, Barham Abu Dayyeh, and Lawrence S. Friedman</i>	
Physiology of the Splanchnic and Hepatic Circulations	77
<i>Gautam Mehta, Juan-Carlos García-Pagán, and Jaime Bosch</i>	
Fibrosis as a Major Mechanism of Chronic Liver Disease	91
<i>Lars P. Bechmann and Scott L. Friedman</i>	
Stem Cells and Chronic Liver Failure: Potential New Therapeutics	109
<i>Aiwu Ruth He, Arun Thenappan, Feras J. Abdul Khalek, and Lopa Mishra</i>	
The Role of Inflammatory Mediators in Liver Failure	131
<i>Joan Clària, Marta López-Parra, Esther Titos, and Ana González-Pérez</i>	
Genomics of the Liver in Health and Disease	155
<i>Konstantinos N. Lazaridis</i>	

Part II Effects of Liver Failure on Organ Systems

Hepatic Encephalopathy and Alterations of Cerebral Function	171
<i>Juan Córdoba and Rita García-Martínez</i>	

<i>Bacterial Translocation and Alterations of the Digestive System . . .</i>	189
<i>Reiner Wiest</i>	
<i>SIRS, Bacterial Infections, and Alterations of the Immune System . .</i>	219
<i>J. Macnaughtan, V. Stadlbauer, R.P. Mookerjee, and R. Jalan</i>	
<i>Regulation of the Extracellular Fluid Volume and Renal Function . .</i>	239
<i>Jens H. Henriksen</i>	
<i>The Heart in Chronic Liver Failure</i>	269
<i>Hongqun Liu, Soon Woo Nam, and Samuel S. Lee</i>	
<i>Haemostasis Abnormalities in Chronic Liver Failure</i>	289
<i>Armando Tripodi</i>	
<i>The Systemic and Splanchnic Circulations</i>	305
<i>Yasuko Iwakiri</i>	
<i>Hepatic Microcirculation</i>	323
<i>Chittaranjan Routray and Vijay Shah</i>	
<i>Angiogenesis and Vascular Growth in Liver Diseases</i>	343
<i>Manuel Morales-Ruiz, Sònia Tugues, and Wladimiro Jiménez</i>	
<i>Pulmonary Alterations in Chronic Liver Failure</i>	361
<i>Michael J. Krowka and Aynur Okcay</i>	
<i>Adrenal Function in Chronic Liver Failure</i>	377
<i>Javier Fernández and Juan Acevedo</i>	
 <i>Part III Management of Chronic Liver Failure</i>	
<i>Antibiotic Prophylaxis and Management of Bacterial Infections . . .</i>	395
<i>Joseph K. Lim, Puneeta Tandon, and Guadalupe Garcia-Tsao</i>	
<i>Management of Ascites and Hyponatremia</i>	411
<i>Andrés Cárdenas and Pere Ginès</i>	
<i>Management of Renal Failure</i>	429
<i>Vicente Arroyo and Mónica Guevara</i>	
<i>Correction of Abnormalities of Haemostasis in Chronic</i>	
<i>Liver Disease</i>	453
<i>Marco Senzolo and Andrew Kenneth Burroughs</i>	
<i>The Treatment and Prevention of Variceal Bleeding</i>	477
<i>Juan G. Abraldes, Jaime Bosch, and Juan Carlos García-Pagan</i>	
<i>Extracorporeal Artificial Liver Support Systems</i>	501
<i>Rafael Bañares and María-Vega Catalina</i>	

<i>Issues in Transplantation of Patients with Chronic Liver Failure</i> . .	521
<i>Michael D. Leise, W. Ray Kim, and Patrick S. Kamath</i>	
<i>Chronic Liver Disease in the Intensive Care</i>	541
<i>Andrew Slack and Julia Wendon</i>	
<i>Subject Index</i>	561
