## **Part I Evaluation of the Compromised Paediatric Airway**

<b>1 The Compromised Paediatric Airway: Challenges Facing Families and Physicians . . . . .</b>	<b>3</b>
<b>2 Applied Surgical Anatomy of the Larynx and Trachea . . . . .</b>	<b>7</b>
<b>3 Clinical Evaluation of Airway Obstruction. . . . .</b>	<b>31</b>
<b>4 Equipment and Instrumentation for Diagnostic and Therapeutic Endoscopy . . . . .</b>	<b>45</b>
<b>5 Endoscopic Assessment of the Compromised Paediatric Airway . . . .</b>	<b>77</b>

## **Part II Congenital Anomalies of the Larynx and Trachea**

<b>6 Laryngomalacia (LM) . . . . .</b>	<b>99</b>
<b>7 Vocal Cord Paralysis (VCP) . . . . .</b>	<b>107</b>
<b>8 Congenital Subglottic Stenosis (C-SGS) . . . . .</b>	<b>119</b>
<b>9 Laryngeal Web and Atresia . . . . .</b>	<b>125</b>
<b>10 Subglottic Haemangioma (SGH) . . . . .</b>	<b>133</b>
<b>11 Ductal Cysts, Saccular Cysts and Laryngoceles . . . . .</b>	<b>141</b>
<b>12 Laryngeal and Tracheal Clefts . . . . .</b>	<b>147</b>
<b>13 Congenital Tracheal Anomalies . . . . .</b>	<b>157</b>

## **Part III Acquired Laryngeal and Tracheal Stenoses**

<b>14 Acquired Post-Intubation and Tracheostomy-Related Stenoses . . . .</b>	<b>183</b>
<b>15 External Laryngeal Trauma . . . . .</b>	<b>199</b>
<b>16 Neoplastic Lesions of the Larynx and Trachea . . . . .</b>	<b>217</b>

**Part IV Surgery for Laryngotracheal Stenosis**

<b>17 Preoperative Assessment, Indications for Surgery and Parental Counselling . . . . .</b>	<b>231</b>
<b>18 Endoscopic Techniques for Laryngotracheal Stenosis . . . . .</b>	<b>241</b>
<b>19 Laryngotracheoplasty and Laryngotracheal Reconstruction . . . . .</b>	<b>257</b>
<b>20 Partial Cricotracheal Resection . . . . .</b>	<b>279</b>

**Part V Tracheal Surgery and Revision Surgery**

<b>21 Tracheotomy . . . . .</b>	<b>325</b>
<b>22 Tracheal Resection and Anastomosis . . . . .</b>	<b>337</b>
<b>23 Revision Surgery . . . . .</b>	<b>349</b>
<b>Appendix . . . . .</b>	<b>359</b>
<b>Index . . . . .</b>	<b>361</b>

Pediatric Airway Surgery

Management of Laryngotracheal Stenosis in Infants  
and Children

Monnier, P. (Ed.)

2011, XVII, 371 p., Hardcover

ISBN: 978-3-642-13534-7
