1	Introduction to Globalization of Mobile and Wireless Communications: Today and in 2020	1
	Sudhir Dixit, Tero Ojanpera, Richard van Nee, and Ramjee Prasad	
2	Role of Networks Operators and Manufacturers in Building a Globalized Wireless World.....	9
	Sofoklis Kyriazakos	
3	Globalization of Mobile and Wireless Communications: Bridging the Digital Divide	19
	Marco Moretti	
4	Globalization of Wireless and Mobile Networks; the Impact to Africa.....	31
	Stanley H. Mneney	
5	Globalization of Mobile and Wireless Communications: Today and in 2020: Emerging Global Business Models 2020	47
	Peter Lindgren, Yariv Taran, and Kristin Falck Saughaug	
6	Access Security and Personal Privacy in Public Cellular Communication Systems: The Past, the Present and Beyond 2020	71
	Geir M. Kjøien and Vladimir A. Oleshchuk	
7	Security and Privacy Challenges in Globalized Wireless Communications	91
	Hanane Fathi	
8	802.11n: The Global Wireless LAN Standard.....	103
	Richard van Nee	

9	Vision on Radio Resource Management (RRM) and Quality of Service (QoS) for Wireless Communication Systems in Year 2020	119
	Ljupčo Jorguŕeski	
10	On Designing Future Communication Systems: Some Clean-Slate Perspectives	129
	Petar Popovski	
11	Long Term Development of Air Interfaces: Is It CDMA or OFDM?	145
	Ernestina Cianca	
12	Flexible and Dynamic Use of Spectrum: The Cognitive Radio Approach	159
	Enrico Del Re, Gherardo Gorni, Luca Simone Ronga, and Rosalba Suffritti	
13	Future Perspectives for Cognitive Radio Technology	185
	Nicola Marchetti and Muhammad Imadur Rahman	
14	Multi-users Participation in Bidding Process in a Congested Cellular Network.....	203
	K. Sridhara, P.S.M. Tripathi, Ambuj Kumar, Ashok Chandra, and Ramjee Prasad	
15	Wavelet Radio: A Future Vision for Wireless Communications	223
	Homayoun Nikookar	
16	Cooperative Localization in a Hybrid WiMAX/WiFi System: A Future-Proof Framework	237
	Francescantonio Della Rosa, Simone Frattasi, and Joāo Figueiras	
17	Perspectives on Energy-Harvesting Wireless Sensor Networks.....	249
	Mary Ann Ingram, Lakshmi Thanayankizil, Jin Woo Jung, and Aravind Kailas	
18	Coherent Transmission: A Technique for Stopping Global Warming and Climate Change.....	275
	Shinsuke Hara	

19	Novel Services and Applications Demand Intelligent Software.....	287
	Rasmus Løvenstein Olsen	
20	Let's Assume the System Is Synchronized.....	311
