

# Contents

## Part I Concepts and Theory

- 1 Toward a Theory of Landscape Fire** ..... 3  
Donald McKenzie, Carol Miller, and Donald A. Falk
- 2 Scaling Laws and Complexity in Fire Regimes**..... 27  
Donald McKenzie and Maureen C. Kennedy
- 3 Native Fire Regimes and Landscape Resilience** ..... 51  
Max A. Moritz, Paul F. Hessburg, and Nicholas A. Povak

## Part II Climate Context

- 4 Climate and Spatial Patterns of Wildfire in North America**..... 89  
Ze'ev Gedalof
- 5 Climatic Water Balance and Regional Fire Years in the Pacific Northwest, USA: Linking Regional Climate and Fire at Landscape Scales** ..... 117  
Jeremy S. Littell and Richard B. Gwozdz

## Part III Landscape Fire Dynamics and Interactions

- 6 Pyrogeography and Biogeochemical Resilience** ..... 143  
Erica A.H. Smithwick
- 7 Reconstructing Landscape Pattern of Historical Fires and Fire Regimes** ..... 165  
Tyson Swetnam, Donald A. Falk, Amy E. Hessl,  
and Calvin Farris

<b>8</b>	<b>Fire and Invasive Plants on California Landscapes.....</b>	<b>193</b>
	Jon E. Keeley, Janet Franklin, and Carla D'Antonio	
<b>9</b>	<b>Modeling Landscape Fire and Wildlife Habitat.....</b>	<b>223</b>
	Samuel A. Cushman, Tzeidle N. Wasserman, and Kevin McGarigal	
<b>Part IV Landscape Fire Management, Policy, and Research in an Era of Global Change</b>		
<b>10</b>	<b>Managing and Adapting to Changing Fire Regimes in a Warmer Climate.....</b>	<b>249</b>
	David L. Peterson, Jessica E. Halofsky, and Morris C. Johnson	
<b>11</b>	<b>Wilderness Fire Management in a Changing Environment.....</b>	<b>269</b>
	Carol Miller, John Abatzoglou, Timothy Brown, and Alexandra D. Syphard	
<b>12</b>	<b>Synthesis: Landscape Ecology and Changing Fire Regimes.....</b>	<b>295</b>
	Donald McKenzie, Carol Miller, and Donald A. Falk	
	<b>Index.....</b>	<b>305</b>

The Landscape Ecology of Fire

McKenzie, D.; Miller, C.; Falk, D.A. (Eds.)

2011, XX, 312 p., Hardcover

ISBN: 978-94-007-0300-1
