
Contents

Section I History and Basic Concepts

1 The History of Clinical Ultrasound	3
Robert A. Sofferman	
2 Physics and Principles of Ultrasound.....	9
Robert A. Sofferman	
3 Practical Concepts of Ultrasound.....	21
Robert A. Sofferman	

Section II Thyroid and Parathyroid Glands

4 Sonography of the Normal Thyroid	41
Hok Yuen Yuen, Cina Shin-Loong Tong, and Anil T. Ahuja	
5 Benign Thyroid Conditions	61
Ka Tak Wong and Anil T. Ahuja	
6 Malignant Thyroid Conditions	107
Ka Tak Wong, Yolanda Y.P. Lee, and Anil T. Ahuja	
7 Ultrasound Surveillance	151
Robert A. Sofferman	
8 Parathyroid Ultrasound	157
Robert A. Sofferman	
9 Fine Needle Aspiration Cytology	187
Robert A. Sofferman	

Section III Lymph Nodes and the Neck

10 Lymph Nodes.....	211
Michael T.C. Ying, Carmen C.M. Cho, and Anil T. Ahuja	
11 Benign Clinical Conditions in the Adjacent Neck.....	229
Hok Yuen Yuen and Anil T. Ahuja	

Section IV New Advances in Applied Ultrasound

12 Thyroid Elastography.....	263
Kunwar S.S. Bhatia, Darshana Dattatray Rasalkar, and Anil T. Ahuja	
13 Percutaneous Ethanol Injection for Thyroid and Parathyroid Disorders.....	283
Daniel S. Duick	
14 Contrast Enhanced Ultrasound and Ultrasound-Guided Minimally Invasive Therapy for the Diagnosis and Treatment of Focal Thyroid Lesions.....	297
Hok Yuen Yuen and Anil T. Ahuja	
Index.....	305

Ultrasound of the Thyroid and Parathyroid Glands

Sofferman, R.A.; Ahuja, A.T. (Eds.)

2012, XII, 310 p. 369 illus., 149 illus. in color.,

Hardcover

ISBN: 978-1-4614-0973-1
