1	What Is This Book About?	1
	The Focus of This Book	1
	Probing Beyond	3
	Interdisciplinary Issues	3
	Contributors to This Book	4
	References	4
2	Visions of Not-Earth: Space Arts	5
	Stories of Not-Earth	5
	Voyages of Discovery	7
	Emerging Science Fiction and a Sense of the Future	7
	Early Science Fiction	8
	Modern Science Fiction and Actual Spaceflight	8
	Not-Earth in Movies, Television, and Games	10
	Poetry About Not-Earth	11
	Space Art and Illustrations	13
	Dancing in Space	14
	Music of the Spheres	15
	Popular Space Music	16
	References	17
3	Dreams, Rockets, Rivalries, and Jobs	19
	Why Did the Space Age Happen?	19
	How Did the Space Age Happen?	20
	Three “Fathers” of the Space Age	22
	The Space Age and World War II	24
	The Cold War	26
	Is the Space Age Over?	27
	Jobs for Space on Earth	29
	References	29

4 Cultural Rationales for Space	31
All Rationales Are Cultural Rationales.....	32
From Nomads to Civilization.....	33
Cultures and the Stars	33
Religion and Not-Earth.....	34
Sex and Space	38
Culture and Space Policies.....	38
Earthrise! and Sunset?.....	40
References.....	41
5 Humans in Space	43
Humans in Space.....	43
Earth Analogs for Not-Earth.....	45
Social Science About Human Behavior in Space	47
Social Science Findings About Humans in Space	49
What Happens Without Good Social Science?.....	50
Social Scientists and Space Research	52
References.....	54
6 Humans, Robots, Artificial Intelligence, and Autonomous Entities in Space	55
“We Shape Our Tools and Thereafter Our Tools Shape Us”	56
Right Stuff or Right Robots?	57
Space: Just an Ordinary Job.....	58
Humans and Robots Together.....	59
Robot Ethics.....	60
Beyond the Uncanny Valley.....	63
References.....	64
7 Governance for Space Settlements	65
Society Is an Invention.....	66
New Governance for Space?.....	66
We’re Made for Small Groups	67
States, Kings, Empires	68
New Classes, New Governance	69
Old Cosmologies, Old Technologies	69
Direct Democracy?	69
Direct Bureaucracy?.....	71
Direct Adjudication?.....	72
Beyond the “Three Branches”.....	73
Freedom or Order?.....	73
Governance for Not-Earth: Back to Basics.....	74
Our Best Hope for Better Governance in Space?	77
References.....	77

8 Do Rocks Have Rights?	79
Ethics Versus Morals.....	79
Some Ethical Challenges	80
Beyond “the Golden Rule”	81
New Rights for New Beings	83
Robot Rights?.....	84
Do Rocks Have Rights?	84
References.....	85
9 If They Are, Where Are They?	87
Communications Between Earth and Not-Earth.....	88
SETI: The Search for Extraterrestrial Intelligence	89
Protocols for Communicating with ETs	90
The Drake Equation and the Fermi Paradox	92
SETI, Astrobiology, and UFOs	92
What Is Life?.....	93
What Is Intelligence?	94
Contact!	95
References.....	96
10 Futures of Space	97
“Nowism”	97
Frontier Visions.....	98
Science Visions	98
What’s the Rush?	99
Boldly Go!	99
Four Alternative Futures	100
A Preferred Future Exploring Not-Earth	100
References.....	101
Index	103

Social Foundations of Human Space Exploration

Dator, J.A.

2012, XI, 107 p. 4 illus. in color., Softcover

ISBN: 978-1-4614-3093-3
