## Part I: Parkinsonism and Related Disorders

|                                                                                       |    |
|---------------------------------------------------------------------------------------|----|
| Chapter 1: Examination of a Patient with Parkinson's Disease . . . . .                | 2  |
| Chapter 2: Parkinson's Disease: Hoehn and Yahr Scale. . . . .                         | 4  |
| Chapter 3: Young-Onset Parkinson's Disease . . . . .                                  | 6  |
| Chapter 4: Tremor-Dominant Parkinson's Disease . . . . .                              | 8  |
| Chapter 5: Parkinson's Disease: Levodopa-Induced Dyskinesia . . . . .                 | 10 |
| Chapter 6: Parkinson's Disease: Diphasic Dyskinesia . . . . .                         | 12 |
| Chapter 7: Parkinson's Disease: "On-Off" Phenomenon. . . . .                          | 14 |
| Chapter 8: Parkinson's Disease: Freezing of Gait . . . . .                            | 16 |
| Chapter 9: Parkinsonism with Pisa Syndrome . . . . .                                  | 18 |
| Chapter 10: Parkinson's Disease with Camptocormia . . . . .                           | 20 |
| Chapter 11: Apathy in Parkinson's Disease . . . . .                                   | 22 |
| Chapter 12: Punding in Parkinson's Disease . . . . .                                  | 24 |
| Chapter 13: Parkinson's Disease Due to PARK2. . . . .                                 | 26 |
| Chapter 14: Parkinson's Disease Treated with Deep Brain Stimulation . . . . .         | 28 |
| Chapter 15: Multiple System Atrophy . . . . .                                         | 30 |
| Chapter 16: Progressive Supranuclear Palsy . . . . .                                  | 32 |
| Chapter 17: Progressive Supranuclear Palsy<br>with Apraxia of Eyelid Opening. . . . . | 34 |
| Chapter 18: Vascular Parkinsonism . . . . .                                           | 36 |
| Chapter 19: Corticobasal Degeneration . . . . .                                       | 38 |
| Chapter 20: Drug-Induced Parkinsonism . . . . .                                       | 40 |
| Chapter 21: Toxin-Induced Parkinsonism . . . . .                                      | 42 |
| Chapter 22: HIV-Induced Parkinsonism. . . . .                                         | 44 |

## Part II: Tremor

|                                                                           |    |
|---------------------------------------------------------------------------|----|
| Chapter 23: Examination of a Patient with Essential Tremor . . . . .      | 48 |
| Chapter 24: Parkinsonian Rest, Postural, and Re-emergent Tremor . . . . . | 50 |
| Chapter 25: Essential Tremor: Voice and Head Tremor. . . . .              | 52 |
| Chapter 26: Cerebellar Tremor. . . . .                                    | 54 |

|                                                                 |    |
|-----------------------------------------------------------------|----|
| Chapter 27: Holmes Midbrain Tremor . . . . .                    | 56 |
| Chapter 28: Wilson's Disease with Wing-Beating Tremor . . . . . | 60 |
| Chapter 29: Primary Writing Tremor . . . . .                    | 62 |
| Chapter 30: Orthostatic Tremor . . . . .                        | 64 |
| Chapter 31: Hyperthyroid Tremor . . . . .                       | 66 |
| Chapter 32: Drug-Induced Tremor . . . . .                       | 68 |
| Chapter 33: Dystonic Tremor . . . . .                           | 70 |
| Chapter 34: Neuropathic Tremor . . . . .                        | 72 |
| Chapter 35: Psychogenic Tremor . . . . .                        | 74 |

### Part III: Dystonia

|                                                                                      |     |
|--------------------------------------------------------------------------------------|-----|
| Chapter 36: Examination of a Patient with Non-DYT1<br>Generalized Dystonia . . . . . | 78  |
| Chapter 37: DYT1 Generalized Dystonia . . . . .                                      | 80  |
| Chapter 38: Segmental Dystonia Treated<br>with Deep Brain Stimulation . . . . .      | 82  |
| Chapter 39: Cervical Dystonia: Rotational Torticollis . . . . .                      | 84  |
| Chapter 40: Cervical Dystonia: Torticollis<br>with Dystonic Head Tremor . . . . .    | 86  |
| Chapter 41: Cervical Dystonia: Anterocollis . . . . .                                | 88  |
| Chapter 42: Cervical Dystonia: Retrocollis . . . . .                                 | 90  |
| Chapter 43: Cervical Dystonia: Sensory Tricks . . . . .                              | 92  |
| Chapter 44: Secondary Cervical Dystonia<br>Following Brainstem Hemorrhage . . . . .  | 94  |
| Chapter 45: Secondary Hemidystonia Following Head Trauma . . . . .                   | 96  |
| Chapter 46: Essential Blepharospasm . . . . .                                        | 98  |
| Chapter 47: Orofacial Dystonia and Dyskinesia . . . . .                              | 100 |
| Chapter 48: Orofacial Dystonia with Lower<br>Facial and Platysma Dystonia . . . . .  | 102 |
| Chapter 49: Meige's Syndrome . . . . .                                               | 104 |
| Chapter 50: Tongue Protrusion Dystonia . . . . .                                     | 106 |
| Chapter 51: Spasmodic (Laryngeal) Dystonia . . . . .                                 | 108 |
| Chapter 52: Writer's Cramp . . . . .                                                 | 110 |
| Chapter 53: Writer's Cramp with Mirror Movements . . . . .                           | 112 |
| Chapter 54: Musician's Dystonia in a Guitarist . . . . .                             | 114 |
| Chapter 55: Musician's Dystonia in a Violinist . . . . .                             | 116 |
| Chapter 56: Rower's Dystonia . . . . .                                               | 118 |
| Chapter 57: Neurodegeneration with Brain Iron Accumulation . . . . .                 | 120 |
| Chapter 58: Spinocerebellar Ataxia-Type 2 with Dystonia . . . . .                    | 124 |
| Chapter 59: Tardive Dystonia . . . . .                                               | 126 |
| Chapter 60: Tardive Dystonia Treated with Deep Brain Stimulation . . . . .           | 128 |
| Chapter 61: Wilson's Disease with Dystonia . . . . .                                 | 130 |
| Chapter 62: Rapid-Onset Dystonia-Parkinsonism . . . . .                              | 132 |
| Chapter 63: Anterocollis in Parkinsonism . . . . .                                   | 134 |
| Chapter 64: Sandifer's Syndrome . . . . .                                            | 136 |
| Chapter 65: Adrenoleukodystrophy . . . . .                                           | 138 |

**Part IV: Choreiform Disorders**

Chapter 66: Huntington’s Disease . . . . . 142

Chapter 67: Late Onset Huntington’s Disease . . . . . 144

Chapter 68: Juvenile Huntington’s Disease . . . . . 146

Chapter 69: Huntington’s Disease-Like 2 . . . . . 148

Chapter 70: Sydenham’s Chorea . . . . . 150

Chapter 71: Benign Hereditary Chorea . . . . . 152

Chapter 72: Chorea-Acanthocytosis . . . . . 154

Chapter 73: Chorea-Acanthocytosis with  
Feeding Dystonia . . . . . 156

Chapter 74: Chorea-Acanthocytosis with Head Drops and  
Trunk Flexions . . . . . 158

Chapter 75: Hemichorea-Hemiballismus . . . . . 160

Chapter 76: Chorea in Creutzfeld-Jakob Disease . . . . . 162

Chapter 77: Tardive Dyskinesia . . . . . 166

Chapter 78: Drug-Induced Akathisia . . . . . 168

Chapter 79: Edentulous Dyskinesia . . . . . 170

Chapter 80: Painful Legs and Moving Toes . . . . . 172

Chapter 81: “Postpump” Chorea . . . . . 174

Chapter 82: Belly Dancer’s Dyskinesia . . . . . 176

Chapter 83: Pseudoathetosis . . . . . 178

**Part V: Myoclonus**

Chapter 84: Brainstem Myoclonus . . . . . 182

Chapter 85: Palatal Myoclonus . . . . . 184

Chapter 86: Posthypoxic Myoclonus . . . . . 186

Chapter 87: Essential Myoclonus . . . . . 188

Chapter 88: Negative Myoclonus . . . . . 190

Chapter 89: Propriospinal Myoclonus . . . . . 192

Chapter 90: Myoclonus-Dystonia Syndrome . . . . . 194

Chapter 91: Opsoclonus-Myoclonus-Ataxia Syndrome . . . . . 196

Chapter 92: Progressive Myoclonic Epilepsy . . . . . 198

Chapter 93: Hemifacial Spasm . . . . . 200

Chapter 94: Epilepsia Partialis Continua . . . . . 202

Chapter 95: Anti-NMDA-Receptor Encephalitis . . . . . 204

Chapter 96: Psychogenic Myoclonus . . . . . 206

**Part VI: Cerebellar Ataxia**

Chapter 97: Cerebellar Ataxia Type 1 . . . . . 210

Chapter 98: Spinocerebellar Ataxia-Type 2 . . . . . 212

Chapter 99: Spinocerebellar Ataxia-Type 3 . . . . . 214

Chapter 100: Spinocerebellar Ataxia-Type 6 . . . . . 216

Chapter 101: Spinocerebellar Ataxia-Type 7 . . . . . 218

Chapter 102: Spinocerebellar Ataxia-Type 17 . . . . . 222

Chapter 103: Ataxia with Oculomotor Apraxia-Type1 . . . . . 224

Chapter 104: Ataxia with Oculomotor Apraxia-Type 2 . . . . . 226

Chapter 105: Friedreich’s Ataxia . . . . . 228

Chapter 106: Multiple System Atrophy with Cerebellar Ataxia . . . . . 230

**Part VII: Tic Disorders**

Chapter 107: Motor Tic Disorder . . . . . 234

Chapter 108: Adult Onset Tic Disorder . . . . . 236

Chapter 109: Tourette’s Syndrome: Complex Tics . . . . . 238

Chapter 110: Tourette’s Syndrome: Malignant Dystonic Tics . . . . . 240

Chapter 111: Tourette’s Syndrome: Self-Injurious Behavior . . . . . 242

**Index** . . . . . 244
