

Contents

1	Introduction	1
	References	3
2	Climate and Carbon Cycle	5
2.1	Climate: Definition and Prerequisites	5
2.1.1	Natural Factors Controlling the World's Climate	6
2.1.2	Climate Change and Anthropogenic Influences	8
2.1.3	Global Consequences of the Climate Change	13
2.1.4	Climate Change Consequences in the Baltic Sea Region	17
2.2	Global Carbon Cycle	19
2.2.1	Carbon Reservoirs	19
2.2.2	Scheme of the Global Carbon Cycle in the Environment	20
2.2.3	Carbon Cycle in the Marine Environment	22
2.2.4	Role of Shelf Seas in the Atmospheric Carbon Dioxide Absorption	26
2.3	Carbon Cycling in the Baltic Sea	28
2.3.1	Baltic Sea Characteristics	28
2.3.2	Carbon Reservoirs in the Baltic Sea	30
2.3.3	Carbon Sources and Losses in the Baltic Sea	30
	References	37
3	Research on Carbon Cycling in the Baltic: Aims and Scope	49
3.1	Aims of the Studies	49
3.2	The Concept of the Study: Quantitative Assessment of the Baltic Sea Carbon Cycle	49
3.2.1	The "Box Model"	49
3.2.2	Significant Carbon Fluxes in the Baltic Sea	51

3.3 The Scope of Studies	52
References	53
4 Research on Carbon Cycling in the Baltic: Quantification of the Carbon Fluxes	55
4.1 Carbon Exchange Between the Baltic Sea and the North Sea . . .	55
4.1.1 Dissolved Inorganic Carbon	58
4.1.2 Dissolved Organic Carbon	61
4.2 Carbon Inflows with River Runoff.	64
4.3 Carbon Deposition to the Baltic Sea Sediments.	66
4.3.1 Carbon Return Flux from the Bottom Sediments.	67
4.3.2 Labile Organic Matter Decomposition in Sediments	71
4.4 Carbon Inflow to the Baltic with Precipitation	76
References	78
5 Research on Carbon Cycling in the Baltic: Discussion.	81
5.1 The Baltic Sea Carbon Budget	81
5.2 Factors Determining Carbon Budget in the Baltic Sea	86
5.3 The Budget Uncertainty	90
5.4 Deposition and Origin of Organic Matter to the Baltic Sediments. The Case of Cores Dated with ^{210}Pb and ^{137}Cs	93
5.5 Influence of the Climate Change on the Carbon Resources and Fluxes in the Baltic Sea	102
References	104
Appendix	109
Index	125

Carbon Cycling in the Baltic Sea

Kulinski, K.; Pempkowiak, J.

2012, XIV, 130 p., Hardcover

ISBN: 978-3-642-19387-3
