

Contents

Part I On the Way to Sustainability in the Transport Sector

European Union Policy for Sustainable Transport System: Challenges and Limitations	3
Paulina Golinska and Marcin Hajdul	
Passenger Transport Interconnectivity as a Stimulator of Sustainable Transport Development in the European Union	21
Monika Bak, Przemyslaw Borkowski and Barbara Pawlowska	
A Structured Approach for Assessing Sustainable Best Practices in Supply Chains.	41
Wojciech Piotrowicz and Richard Cuthbertson	
Competitiveness of EU Region and Sustainable Development Policies Measures in Logistics: Experiences of Emilia Romagna	67
Piotr Nowak	

Part II Collaboration Models for Sustainable Transport

Coordination Model of Transport Processes Based on Sustainable Development Concept	83
Marcin Hajdul	
Integration of the Demand for Transport Processes According to the Concept of Sustainable Development—Case Study	109
Marcin Hajdul and Paulina Golinska	
Sustainable Transport Models by Simulation	137
Flavio Bonfatti, Luca Martinelli and Paola Daniela Monari	

Part III Information Systems and Information Management Supporting Sustainable Transport

One Common Framework for Information and Communication Systems in Transport and Logistics: Facilitating Interoperability	165
Jan Tore Pedersen	

ICT Support for Intermodal Transport Chain Development	197
Christine Behnke and Bertram Meimbresse	

Design Methodology and an Integrated Decisions Support System for Sustainable Transportation Plans	219
Jesús Racero, Marta Hernández, Fernando Guerrero and Gregorio Racero	

Part IV Intermodal Transport and Models for CO₂ Reduction

Supporting Intermodal Transport Solutions in Selected European Countries: Case Studies	245
Maciej Mindur and Ireneusz Fechner	

Development of Intermodal Train Concepts as a Method for Sustainable Regional Development	273
Philip Michalk and Bertram Meimbresse	

Innovative Freight Transport Systems for Ports and Terminals	295
René Schönemann and Timo Plattner	

Model for Road Traffic CO₂ Emissions Control by Means of Tradable Permits	317
Stane Božičnik
