

Contents

The Problem of Culture-Negative Infections	1
G.D. Ehrlich, P.J. DeMeo, and J.W. Costerton	
Culture-Negative Infections in Orthopedic Surgery	17
G.D. Ehrlich, Patrick DeMeo, Michael Palmer, T.J. Sauber, Dan Altman, Greg Altman, Nick Sotereanos, Stephen Conti, Mark Baratz, Gerhard Maale, Fen Z. Hu, J. Christopher Post, Laura Nistico, Rachael Kreft, Luanne Hall-Stoodley, J.W. Costerton, and Paul Stoodley	
Improved Diagnosis of Biofilm Infections Using Various Molecular Methods	29
Trine Rolighed Thomsen, Yijuan Xu, Jan Lorenzen, Per Halkjær Nielsen, and Henrik Carl Schønheyder	
Improved Outcomes Via Integrated Molecular Diagnostics and Biofilm Targeted Therapeutics	43
John P. Kennedy and Curtis E. Jones	
Immunological Methods for <i>Staphylococcus aureus</i> Infection Diagnosis and Prevention	61
Nathan K. Archer, J. William Costerton, Jeff G. Leid, and Mark E. Shirtliff	
Diagnosing Periprosthetic Joint Infection: Cultures, Molecular Markers, and the Ibis Technology	77
Javad Parvizi	
Infections Associated with Severe Open Tibial Fractures	87
Robert V. O'Toole	
Second-Generation Molecular Diagnostics and Strategies for Preventing Periprosthetic Joint Infections	97
Nicholas Sotereanos	

Treatment of Orthopedic Infections: Addressing the Biofilm Issue . . .	111
Heinz Winkler	
Towards a New Paradigm in the Diagnosis and Treatment of Orthopedic Infections	129
G.D. Ehrlich, J.W. Costerton, D. Altman, G. Altman, M. Palmer, C. Post, P. Stoodley, and P.J. DeMeo	
Index	141

Culture Negative Orthopedic Biofilm Infections

Ehrlich, G.D.; DeMeo, P.J.; Costerton, J.W.; Winkler, H.
(Eds.)

2012, X, 146 p., Hardcover

ISBN: 978-3-642-29553-9
