

Contents

<i>Pasteurella multocida</i>: Diseases and Pathogenesis	1
I. W. Wilkie, M. Harper, J. D. Boyce and B. Adler	
Pathogenomics of <i>Pasteurella multocida</i>	23
J. D. Boyce, T. Seemann, B. Adler and M. Harper	
The Key Surface Components of <i>Pasteurella multocida</i>: Capsule and Lipopolysaccharide	39
Marina Harper, John D. Boyce and Ben Adler	
<i>Pasteurella multocida</i> and Immune Cells	53
Katharina F. Kubatzky	
Molecular Biology of <i>Pasteurella multocida</i> Toxin	73
Joachim H. C. Orth and Klaus Aktories	
<i>Pasteurella multocida</i> Toxin Interaction with Host Cells: Entry and Cellular Effects	93
Brenda A. Wilson and Mengfei Ho	
Swine Atrophic Rhinitis Caused by <i>Pasteurella multocida</i> Toxin and <i>Bordetella</i> Dermonecrotic Toxin	113
Yasuhiko Horiguchi	
The <i>Pasteurella multocida</i> Toxin: A New Paradigm for the Link Between Bacterial Infection and Cancer	131
Alistair Lax	
Index	145

Pasteurella multocida

Molecular Biology, Toxins and Infection

Aktories, K.; Orth, J.H.C.; Adler, B. (Eds.)

2012, X, 150 p., Hardcover

ISBN: 978-3-642-31016-4
