
Contents

1	Physiology of Hemostasis	1
	Paola Pradella, Federica Tomasella and Luca Mascaretti	
2	Monitoring of Hemostasis	21
	Carlo Giansante and Nicola Fiotti	
3	Anticoagulation Therapy in ICU Patients	37
	Emanuele Marras, Luigi Lo Nigro and Giorgio Berlot	
4	Inborn Prothrombotic States	61
	Nicola Fiotti and Carlo Giansante	
5	Inborn Defects of the Coagulative System	73
	Marinella Astuto, Nadia Grasso and Alessandro Trainito	
6	Inflammation and Coagulation	85
	Walter Vessella, Lara Prisco and Giorgio Berlot	
7	Disseminated Intravascular Coagulation	93
	Antonino Gullo, Chiara Maria Celestre and Annalaura Paratore	
8	Coagulative Disturbances in Trauma	111
	Giuliana Garufi, Maria Cristina Fiorenza and Giorgio Berlot	
9	Hypothermia and Coagulation Disorders	125
	Lara Prisco, Vincenzo Campanile and Giorgio Berlot	
10	Hemostasis in Pregnancy and Obstetric Surgery	133
	Marinella Astuto, Valentina Taranto and Simona Grasso	
11	Hemostasis During Heart Surgery	163
	Luigi Tritapepe, Sara Iannandrea, Michela Generali and Maria Paola Lauretta	

12 Hemocoagulative Aspects of Solid Organ Transplantation	181
Andrea De Gasperi	
13 Antiphospholipid Antibody Syndrome	209
Marco Zambon, Davide Cappelli and Giorgio Berlot	
14 Pulmonary-Renal Syndrome	217
Marco Zambon, Davide Cappelli and Giorgio Berlot	
15 Coagulation Disorders After Central Nervous System Injury	227
Lara Prisco, Mario Ganau and Giorgio Berlot	
Index	237
