

Contents

1	Phytoremediation and Biofortification: Two Sides of One Coin . . .	1
1.1	Essential Micronutrient Elements for Humans	2
1.2	Can Phytoremediation Plants Become Sources of Human Micronutrient Elements?	4
1.3	Managing Toxic Metals in Plant Tissues	5
1.4	Future Research Needs	5
	References	6
2	Selenium in Plants and Soils, and Selenosis in Enshi, China: Implications for Selenium Biofortification	7
2.1	Introduction	8
2.2	Enshi, the World Capital of Selenium	8
2.3	Selenium in Plants	9
2.4	Selenium in Soils	9
2.5	Plant Uptake of Selenium from Seleniferous Soil in Enshi	14
2.6	Selenium Hyperaccumulating Plant and its Implications	17
2.7	Selenium Distribution in Staple Crops and Selenosis in Enshi	18
2.8	Selenium-Biofortified Agricultural Products in Enshi	22
2.8.1	Selenium Biofortification Strategy	23
2.8.2	Selenium Biofortification in China	24
2.9	Summary and Outlooks	26
	References	27
3	Phytoremediation of Zinc-Contaminated Soil and Zinc-Biofortification for Human Nutrition	33
3.1	Zinc: An Overview	34
3.2	Physiological Processes of Zinc in Plants	35
3.2.1	Zinc Uptake from Soil by Plants	36
3.2.2	Zinc Chelation and Compartmentation in Roots	37

3.2.3	Translocation of Zinc from Root-to-Shoot	39
3.2.4	Zinc Distribution and Storage in Aerial Parts of Plant . . .	40
3.3	Phytoremediation of Zinc-Contaminated Soils	41
3.3.1	Zinc Contamination in Soil	41
3.3.2	Phytoremediation	41
3.3.3	Zinc Hyperaccumulation	43
3.3.4	Zinc Phytoremediation Strategies	44
3.4	Zn Biofortification for Human Nutrition	46
3.4.1	Zinc Deficiency in Human Body	46
3.4.2	Zinc Biofortification Strategies	47
3.5	Summary	51
	References	52
4	Biofortification to Struggle Against Iron Deficiency	59
4.1	Iron for Human Health	60
4.2	Iron Deficiency	60
4.3	Strategies to Alleviate Iron Deficiency	61
4.4	Molecular Mechanisms of Iron Uptake into Plant Seeds	62
4.5	Iron-Biofortified Crops	65
4.5.1	Agronomic Intervention	65
4.5.2	Plant Breeding	66
4.5.3	Genetic Engineering	67
4.6	Summary	69
	References	69
5	Phytoremediation of Cadmium and Copper: Contaminated Soils . . .	75
5.1	Introduction	75
5.2	Cadmium Contamination	76
5.3	Phytoremediation of Cd	77
5.4	Cu Contamination	78
5.5	Phytoremediation of Cu	79
5.6	Summary	79
	References	80

Phytoremediation and Biofortification

Two Sides of One Coin

Yin, X.; Yuan, L. (Eds.)

2012, XII, 81 p. 9 illus., 7 illus. in color., Softcover

ISBN: 978-94-007-1438-0
