1.2.3 Forms of Emergence and Diffusion	11
References	12
2 Differences and Similarities Between Contractual Communities, and Reasons for Their Success	15
2.1 Differences and Similarities	15
2.1.1 Differences	15
2.1.2 Similarities	16
2.2 Plural Motives for the Emergence of Contractual Communities	21
2.2.1 Questions of Demand	21
2.2.2 Questions Regarding Supply	23
2.3 The Role of Technological Innovation in Fostering Possible Further Development of the Contractual Communities	24
References	25

Part II The Role of Contractual Communities

3	Positive Aspects and Limits of Contractual Communities	29
3.1	Positive Aspects	29
3.2	Limits: A Review of the Main Criticisms	31
3.3	Limits: Possible Replies to the Criticisms	33
3.3.1	Not Only Gated Communities, And Not Only the Richest People as Members	33
3.3.2	No Privatisation of Private Space	34
3.3.3	Civicness and Membership	36
3.3.4	The Question of Internal Democracy	37
3.3.5	The Question of Entry Barriers	38
3.3.6	The Question of Isolation	39
3.4	Conclusion	40
	References	40
4	The Space of Contractual Communities and the Re-Design of the State's Role	45
4.1	The Traditional Welfare State Replacing Private Activities	45
4.2	Towards a Different Approach: A New Crucial Role for Private Activities	47
4.2.1	A Crucial Complementary Role for Contractual Communities	47
4.2.2	Subsidiarity	48
4.2.3	Contractual Communities and Urban Regeneration	48
4.3	The Role of the Public: Enhancing the Advantages of Contractual Communities	50
4.3.1	Law as a framework for utopias	50
4.3.2	Tax Rebates	52
4.4	The Role of the Public: Lessening the Disadvantages and the Risks of Contractual Communities	52
4.4.1	Rules	53
4.4.2	Policies	54
4.5	Competition Among Private Units	55
4.5.1	The Issue of Scale is not Specifiable a Priori	55
4.5.2	The Tiebout Model	56
4.5.3	Reconsidering the Model	57
4.5.4	The Traditional Critiques to the Tiebout Model are Better Addressed by a System of Competing Private Units	58
4.6	Concluding Observations	59
	References	59

Part III Precursors to the Idea of Contractual Communities

5	The Proposal of Ebenezer Howard	65
5.1	The Proposal's Main Feature	65
5.2	A Contractual Community	67
5.3	Management Bodies.	68
5.4	Advantages over Other Organisational Models	69
5.5	Sources of Inspiration	70
5.6	Concluding Notes	73
	References	73
6	The Proposal of Spencer Heath	75
6.1	A Largely Unknown Theorist	75
6.2	The Social Role of Land Ownership	76
6.3	The Proprietary Community as an Effective form of Organisation	77
6.4	The Extension of the Model	78
6.5	The Encounter with Henry George	79
6.6	Concluding Notes	81
	References	82
	Appendix: Data and Figures	83

Contractual Communities in the Self-Organising City

Freedom, Creativity, Subsidiarity

Brunetta, G.; Moroni, S.

2012, XVII, 88 p., Softcover
