|--|------------|
| 4 Biodiesel as Diesel Engine Fuel | 95 |
| 4.1 Biodiesel Sources | 95 |
| 4.2 Biodiesel Properties | 97 |
| 4.2.1 Measurement Methods for Biodiesel Properties | 102 |
| 4.2.2 Requirements for Biodiesel Properties | 108 |
| 4.2.3 Properties of Biodiesels from Various Sources | 108 |
| 4.2.4 Improvement of Biodiesel Properties | 115 |
| 4.3 Discussion | 119 |
| References | 122 |
| 5 Effects of Biodiesel Usage on Injection Process Characteristics . . . | 127 |
| 5.1 Injection Pressure | 128 |
| 5.1.1 Influence of Biodiesel Properties | 129 |
| 5.1.2 Influence of Engine-Operating Regime | 132 |
| 5.1.3 Influence of Temperature | 133 |
| 5.2 Injection Timing | 135 |
| 5.2.1 Influence of Biodiesel Properties | 136 |
| 5.2.2 Influence of Engine-Operating Regime | 138 |
| 5.2.3 Influence of Temperature | 138 |
| 5.3 Injection Rate | 139 |
| 5.3.1 Influence of Biodiesel Properties | 141 |
| 5.3.2 Influence of Engine-Operating Regime | 142 |
| 5.3.3 Influence of Temperature | 143 |
| 5.4 Discussion | 148 |
| References | 151 |
| 6 Effects of Biodiesel Usage on Fuel Spray Characteristics | 153 |
| 6.1 Spray Penetration | 154 |
| 6.1.1 Influence of Biodiesel Properties | 154 |
| 6.1.2 Influence of Engine Operating Regime | 159 |
| 6.2 Spray Angle | 164 |
| 6.2.1 Influence of Biodiesel Properties | 165 |
| 6.2.2 Influence of Engine Operating Regime | 167 |
| 6.3 Sauter Mean Diameter | 169 |
| 6.3.1 Influence of Biodiesel Properties | 170 |
| 6.3.2 Influence of Engine Operating Regime | 173 |
| 6.4 Discussion | 174 |
| References | 176 |
| 7 Effects of Biodiesel Usage on Engine Performance, Economy, Tribology, and Ecology | 179 |
| 7.1 Engine Performance, Economy, and Tribology Characteristics . . . | 180 |
| 7.1.1 Influence of Biodiesel Properties | 180 |
| 7.1.2 Influence of Engine Type | 189 |
| 7.1.3 Influence of Engine Operating Regime | 195 |
