I. Introduction	
1 Introduction	3
• General Guidelines for Providing Outstanding Medical Consultation	3
• “Comanagement” Versus “Consultation”	6
2 Styles of Medical Consultation.....	7
II. Preoperative Evaluation	
3 The Preoperative Evaluation	11
• Pre-op History and Physical	11
• Summarize Your Findings.....	16
• Recommendations	17
• Communicate Your Evaluation.....	18
III. Medication Management	
4 Perioperative Medication Management.....	21
• Preoperative Management.....	21
• Postoperative Management	21
• Discussion.....	23
IV. Anesthesia	
5 Anesthesia Pearls.....	31
• What Are the Main Concerns of Anesthesiologists in the Perioperative Period?	31
	xi

	• Some “Pearls” to Think About.....	32
	• What Anesthesiologists Find Helpful in a Medicine Consult Note	33
	• Statements/Advice to Avoid in a Medicine Consult Note.....	34
	• When Should You Think About Consulting a Subspecialty Anesthesiologist?....	34
	• Anesthesiology Terms to Be Familiar with.....	35
V.	Cardiology	
6	Cardiovascular Risk Stratification	39
	• Functional Capacity/Exercise Tolerance.....	39
	• Estimation of Cardiac Risk	41
	• Other Guidelines	42
	• Noninvasive Cardiac Stress Testing	43
	• Other Cardiac Testing	46
	• Examples of Stress Tests and Potential Management Strategies	46
7	Ischemic Heart Disease.....	49
	• Preoperative Evaluation	49
	• Postoperative Management	49
	• Discussion.....	51
8	Perioperative Beta-Blockers	53
	• Preoperative Evaluation	53
	• Postoperative Management	53
	• Discussion.....	53
9	Atrial Fibrillation	57
	• Preoperative Evaluation	57
	• Postoperative Management	60
	• Discussion.....	62
10	Hypertension	67
	• Preoperative Evaluation	67
	• Postoperative Management	67
	• Discussion.....	69
11	Valvular Heart Disease.....	71
	• Aortic Stenosis.....	71
	• Mitral Stenosis	74

	• Aortic Regurgitation	74
	• Mitral Regurgitation	75
	• Prosthetic Heart Valves.....	75
	• Other Structural Heart Disease.....	78
12	Implantable Cardiac Devices.....	79
	• Pacemaker and ICD Function	79
	• Electromagnetic Interference.....	81
	• Perioperative Management.....	82
	• Intra-operative Management.....	83
	• Postoperative Management	85
	• Company Contact Information	86
VI.	Pulmonary	
13	Pulmonary Risk Assessment and Management.....	89
	• Preoperative Evaluation	89
	• Postoperative Management	91
	• Discussion.....	92
14	Asthma and COPD	93
	• Preoperative Evaluation	93
	• Postoperative Management	94
	• Discussion.....	95
15	Obstructive Sleep Apnea.....	97
	• Preoperative Evaluation	97
	• Postoperative Management	99
	• Discussion.....	99
16	Pulmonary Hypertension.....	101
	• Background	101
	• Preoperative Evaluation	101
	• Postoperative Management	105
	• Discussion.....	106
17	Venous Thromboembolic Disease.....	109
	• Preoperative Evaluation	109
	• Postoperative Management	112
VII.	Renal	
18	Chronic Kidney Disease.....	123
	• Preoperative Evaluation	123
	• Postoperative Management	125

19	Acute Kidney Injury	127
	• Preoperative Evaluation	127
	• Postoperative Management	128
	• Discussion.....	131
VIII. Gastroenterology		
20	Liver Disease and Perioperative Risk.....	135
	• Preoperative Evaluation	135
	• Risk Stratification	136
	• Preoperative Management.....	137
	• Postoperative Management	139
IX. Endocrine		
21	Perioperative Diabetes Management	143
	• Recommendations for Perioperative Use of Antidiabetic Medication (for Procedures that Require a Restricted Oral Intake).....	143
	• Special Situations: TPN and Tube Feeds	148
22	Stress-Dose Steroids	153
	• Assessment of Hypothalamic– Pituitary–Adrenal Axis	153
	• Perioperative Management.....	153
	• Complications	154
X. Hematology		
23	Anticoagulation	159
	• Atrial Fibrillation	159
	• Cessation of Warfarin	159
	• Bridging Therapy	164
	• Minor Procedures.....	165
	• Strategies to Reverse Warfarin Effect	165
	• Strategies to Reverse Dabigatran Effect	166
24	Preoperative Evaluation of Disorders of Hemostasis	169
	• Preoperative Evaluation of Hemostasis.....	169
	• Perioperative Management of Specific Bleeding Disorders	170

25	Postoperative Thrombocytopenia	175
	• Background	175
	• Evaluation	175
	• Heparin-Induced Thrombocytopenia	178
26	Perioperative Management of Anemia.....	181
	• Preoperative Evaluation	181
	• Intraoperative Management	182
	• Postoperative Management	182
XI.	Neurology	
27	Parkinson's Disease	189
	• Preoperative Evaluation	189
	• Perioperative Medication Management.....	190
	• Postoperative Management	191
28	Epilepsy and Seizure Disorders	193
	• Preoperative Evaluation	193
	• Postoperative Management	194
	• Discussion.....	195
29	Cerebrovascular Disease.....	197
	• Preoperative Evaluation	197
	• Postoperative Management	198
XII.	Rheumatology	
30	Perioperative Management of the Patient with Rheumatologic Disease	203
	• General Principles.....	203
	• Rheumatoid Arthritis.....	203
	• Systemic Lupus Erythematosus.....	205
	• Other Rheumatologic Diseases	208
31	Gout and Pseudogout.....	209
	• Discussion.....	209
XIII.	Special Populations	
32	Perioperative Care of the Bariatric Patient	213
	• Preoperative Evaluation	213
	• Postoperative Management	215
	• Early Postoperative Complications.....	218
	• Discussion.....	219

33	Perioperative Care of the Patient with a Solid Organ Transplant	221
	• Preoperative Evaluation	221
	• Postoperative Management	222
	• Discussion.....	224
34	Decision-Making Capacity.....	225
	• Risk Factors for Incapacity	225
	• Assessing Capacity	226
	• Management of Incapacity	227
35	Substance Abuse and Dependence.....	229
	• Preoperative Evaluation	229
	• Postoperative Management	230
XIV. Postoperative Management: General Principles		
36	The Postoperative Evaluation.....	235
	• Post Anesthesia Care Unit Assessment	235
	• Daily Postoperative Evaluation	237
37	Postoperative Fever.....	239
	• Postoperative Fever Pearls.....	239
	• Timing After Surgery is Key to Correctly Identifying the Cause of a Fever	239
	• Evaluation: Examine the Patient Carefully for Possible Source	240
	• Treatment: Identify and Treat the Underlying Cause.....	241
	• Fever Prevention	242
38	Postoperative Delirium	243
	• Preoperative Evaluation	243
	• Definition	243
	• Incidence	244
	• Risk Factors.....	244
	• Preoperative Screening	244
	• Postoperative Management	245
	• Precipitating Etiologies	245
	• Prevention.....	246
	• Treatment.....	247
	• Discussion.....	248

39	Postoperative Ileus	251
	• Key Points.....	251
	• Background	251
	• Evaluation	252
	• Differential Diagnosis	252
	• Treatment.....	253
	• Prevention.....	254
XV.	Surgery Topics	
40	Surgical Procedures Overview.....	259
	• Orthopedic Surgery.....	259
	• General Surgery	263
	• Gynecology and Gynecology–Oncology Surgery.....	266
	• Urologic Surgery/Procedures	268
	• Vascular Surgery	270
	• Carotid Endarterectomy	271
	• Head and Neck Surgery.....	273
	• Neurosurgery.....	274
	• Ophthalmologic Surgery.....	274
	• Dental Surgery.....	274
	Appendix: Surgery Abbreviations	275
	Index	277

The Perioperative Medicine Consult Handbook

Wong, C.J.; Hamlin, N.P. (Eds.)

2013, XXI, 283 p. 5 illus., 4 illus. in color.,

ISBN: 978-1-4614-3220-3
