

1 A Darwinian Way of Thinking.....	1	275
The Bridge on the River <i>Why</i>	2	276
The Complex Face of Adaptation	3	277
Adaptation is Not All	7	278
The Watchmaker Is Simpler than the Watch:		279
Mechanisms of Evolution	7	280
References.....	15	281
2 Diabetes in a Textbook.....	17	282
Diabetes and Its Types	19	283
Obesity and Muscle Insulin Resistance	22	284
Liver Insulin Resistance.....	25	285
Insulin Resistance: A Broader Picture	25	286
Compensatory Hyperinsulinemia.....	28	287
Beyond Hyperglycemia.....	30	288
References.....	32	289
3 Diabetes in an Undergraduate Class.....	35	290
References.....	63	291
4 The Rise and Fall of Thrift.....	73	292
Introduction.....	73	293
Origin of Thrift	74	294
Refining Thrift	86	295
Other Alternative Theories.....	87	296
Evaluating the Alternatives	87	297
References.....	91	298
5 Of Hawks and Doves.....	95	299
References.....	109	300
6 Of Soldiers and Diplomats	113	301
What Characterizes Soldiers and Diplomats.....	116	302
When to Express and When to Suppress Aggression	118	303
Why an Adaptation Turns Pathological	129	304
References.....	130	305

306	7 The Physiology of Aggression	135
307	The Bridge Between Aggression–Dominance and Metabolic	
308	Syndrome: Some Important Pillars	136
309	The Complex Physiology of Aggression	143
310	Exercise and Aggression	152
311	References	156
312	8 Deploying the Immunological Garrison	171
313	References	180
314	9 Why Population Density Matters	185
315	Back to Soldier–Diplomat	192
316	References	198
317	10 Time to Give Up Stress	203
318	References	215
319	11 Fat: Beyond Energy Storage	219
320	References	241
321	12 Why Blood Sugar Goes Up	245
322	Interaction of the Two Alternative Models	
323	of Hyperglycemia	274
324	Implications for Clinical Practice, Research,	
325	and Drug Development	277
326	References	279
327	13 Beating Around the “Wrong” Bush?	285
328	Wrong Bush 1: Insulin Resistance	285
329	Wrong Bush 2: Hyperglycemia	288
330	References	297
331	14 Behavioral Deficiencies and Behavioral Supplementation	305
332	References	315
333	15 Where Do We Go From Here?	319
334	The Old Versus New Paradigm	319
335	Major Areas of Data Voids	325
336	Are There Any Inconvenient Truths or Paradoxes	
337	in the New Paradigm?	327
338	Testing the New Ideas	328
339	Clinical Implications of the Upcoming Paradigm	334
340	References	336
341	Epilogue	339
342	Appendix I	341
343	Appendix II	349
344	Appendix III	353
345	Appendix IV	357
346	Index	375
