

Contents

1	Normal Morphologic and Immunohistochemical Findings and Hyperplasias	
1.1	Anatomy and Normal Histology	2
1.2	Hyperplasias	6
1.3	Normal Immunohistochemistry	7
2	Congenital Malformations and Abnormalities of Spleen Location and Histology	
2.1	Accessory Spleen	12
2.2	Intrapancreatic Spleen	13
2.3	Polysplenia	13
2.4	Splenosis	14
2.5	Splenogonadal Fusion	14
2.6	Other Findings	15
3	Lymphoid Neoplasms	
3.1	Splenic Marginal Zone Lymphoma	18
3.2	Chronic Lymphocytic Leukemia	23
3.3	Lymphoplasmacytic Lymphoma	26
3.4	Follicular Lymphoma	27
3.5	Mantle Cell Lymphoma	30
3.6	Plasma Cell Myeloma	32
3.7	Hairy Cell Leukemia	33
3.8	Hairy Cell Leukemia-Variant	37
3.9	Splenic Diffuse Red Pulp Small B-Cell Lymphoma	38
3.10	Prolymphocytic Leukemia	39
3.11	Lymphoblastic Leukemia/Lymphoma	40
3.12	Hepatosplenic T-cell Lymphoma	40
3.13	T-cell Large Granular Lymphocytic Leukemia	43
3.14	Other T-cell Lymphomas	46
3.15	Diffuse Large B-cell Lymphomas	49
3.16	Hodgkin Lymphoma	55
4	Myeloid and Related Disorders	
4.1	Extramedullary Hematopoiesis	60
4.2	Myeloid Sarcoma/Acute Myeloid Leukemia	61
4.3	Myeloproliferative Neoplasms	64
4.4	Myelodysplastic Syndrome and Myelodysplastic/ Myeloproliferative Disorders	69
4.5	Mastocytosis	71
4.6	Histiocytic Sarcoma	73
5	Nonhematopoietic Lesions Including Vascular	
5.1	Cysts	76
5.2	Hamartoma	78
5.3	Inflammatory Pseudotumor	83

5.4	Follicular Dendritic Cell Tumor.....	84
5.5	Other Stromal Tumors.....	85
5.6	Splenic Artery Aneurysm.....	86
5.7	Benign Vascular Lesions.....	87
5.8	Littoral Cell Angioma.....	92
5.9	Sclerosing Angiomatoid Nodular Transformation (SANT).....	94
5.10	Vascular Tumors of Indeterminate and Malignant Behavior.....	96
5.11	Metastatic Tumors.....	99
	Reference.....	106
6	Reactive and Systemic Conditions	
6.1	Rupture and Trauma.....	108
6.2	Infarction and Embolization.....	109
6.3	Perisplenitis (Sugar-Coated Spleen).....	112
6.4	Congestive Splenomegaly.....	113
6.5	Red Blood Cell Disorders.....	114
6.6	Granulomas.....	118
6.7	Langerhans Cell Histiocytosis.....	119
6.8	Storage Diseases.....	120
6.9	Castleman Disease.....	127
6.10	Therapy Effects.....	128
6.11	Other Disorders.....	130
6.12	Hemophagocytic Syndrome.....	132
6.13	Autoimmune Disorders.....	133
6.14	Immunodeficiency (Inherited and Acquired).....	139
	Reference.....	142
7	Infections	
7.1	Bacterial.....	144
7.2	Mycobacteria.....	145
7.3	Viruses.....	147
7.4	Fungi.....	151
7.5	Parasites and Protozoa.....	155
	Reference.....	156
	Index.....	157

Atlas of Spleen Pathology

O'Malley, D.

2013, XII, 162 p., Hardcover

ISBN: 978-1-4614-4671-2
