

# Contents

<b>Neurosteroids and the Nervous System .....</b>	<b>1</b>
1 Introduction.....	1
2 Steroidogenic Enzymes in the Nervous System .....	2
2.1 P450scc, StAR, and Neurosteroidogenesis.....	2
2.2 Peripheral Benzodiazepine Receptor/TSPO .....	5
2.3 StAR-Independent Steroidogenesis .....	6
2.4 DHEA, Sulfotransferase (SULT), and Sulfated Steroids .....	6
3 Regulation of De Novo Neurosteroidogenesis .....	7
4 Steroidogenic Pathways .....	8
5 Mechanism of Action of Neurosteroids .....	9
5.1 GABA <sub>A</sub> and GABA <sub>p</sub> Receptors .....	10
5.2 Glycine Receptors .....	12
5.3 $\sigma$ Receptors .....	13
5.4 Ionotropic Glutamate Receptors .....	14
5.5 Transient Receptor Potential (TRP) Superfamily .....	15
5.6 Membrane Estrogen Receptors .....	16
5.7 Other Membrane Steroid Receptors.....	17
5.8 Other Receptors .....	17
6 Neurosteroid Functions .....	19
7 Neuronal Growth, Synaptic Plasticity, and Brain Development.....	19
7.1 Neurosteroid Production .....	19
7.2 Functional Effects of Neurosteroids .....	20
8 Neurosteroids, Anxiety, and Psychiatric Disorders.....	23
8.1 Anxiety and Stress.....	23
8.2 Therapeutic Synthetic Drugs Increase Neurosteroidogenesis.....	29
8.3 Depression.....	30
8.4 Premenstrual Syndrome (PMS) and Premenstrual Dysphoric Disorder (PMDD) .....	31
8.5 HRT and Mood.....	33
8.6 Other Psychiatric Disorders .....	33

9	Neurosteroids and Cognition .....	35
9.1	Promnesic Neurosteroids .....	35
9.2	Amnesic Neurosteroids .....	38
9.3	Age-Related Memory Changes and Neurosteroid Rescue .....	39
10	Neurosteroids and Reproduction .....	42
10.1	Female Reproduction .....	42
10.2	Female Sexual Behavior .....	44
10.3	Male Reproduction .....	46
10.4	Male Sexual Behavior .....	47
10.5	Male-Typical Behavior .....	48
11	Sleep, Anesthesia, and Hypnotic Effects .....	49
12	Other Functions .....	50
13	Neurosteroids in Disease and Injury .....	50
13.1	Neuroprotection in the Brain .....	50
13.2	Neurosteroids in Neurodegenerative Disorders in the Brain .....	57
14	Neurosteroids and Convulsant Activity .....	60
14.1	Anticonvulsant Effects of Neurosteroids .....	60
14.2	Pro-Convulsant Effects of Neurosteroids .....	63
15	Roles in Tumors .....	65
16	Neurosteroids and the Spinal Cord .....	65
16.1	Protective and Restorative Functions of Neurosteroids in Injury .....	65
16.2	Neurosteroids in Amyotrophic Lateral Sclerosis (ALS) and Multiple Sclerosis (MS) .....	66
17	Neurosteroids and the PNS .....	67
17.1	Schwann Cells and Myelination .....	67
17.2	Protective and Regenerative Roles in Injury .....	68
17.3	Demyelinating Diseases and Diabetic Neuropathy .....	69
18	Adrenal Chromaffin Cells and PC12 Cells .....	69
19	Integrated Actions of Neurosteroids in Nociception .....	70
19.1	3 $\alpha$ -Reduced Steroids and Thermal and Inflammatory Pain .....	70
19.2	Allopregnanolone and Neuropathic Pain .....	71
19.3	DHEA, DHEA-S, and Pregnenolone Sulfate .....	72
19.4	Ovarian Steroids .....	72
20	Mineralocorticoids and Glucocorticoids .....	73
20.1	Glucocorticoids .....	73
20.2	Aldosterone .....	74
21	Substance Abuse .....	75
22	Summary and Conclusions .....	76
	References .....	79
	<b>Index .....</b>	<b>123</b>
